

Interdepartmental Memorandum

To: Dennis Marino
From: Bill Dunkley
Subject: July 27th P&D Committee Items P3-P10 (Zoning Ord. Text Amendments)
Date: July 20, 2009

On the 7/27/09 P&D Committee Agenda we have the first eight proposed text amendments from the 2009 Zoning Ordinance Strategic Improvement Program. Many of the items in this group are intended to correct errors that are currently in the code, and are therefore very localized in scope.

In order to reduce redundant City Council packet information, we have included a CD of one set of background materials that are common to all eight of these items. The CD includes:

- Set of original “issue statements” for each proposed amendment
- 3/25/2009 Zoning Committee Transcript
- 4/15/2009 Zoning Committee Transcript
- 5/13/2009 Plan Commission Transcript

Community members can access the above documents online via the City’s Web site at: www.cityofevanston.org/zoning.
