INTRODUCTION

This Directory is composed of local companies that have expressed interest in doing business with the City of Evanston and its contractors. The qualifications of the listed businesses have not been evaluated by the City of Evanston. The City of Evanston waives responsibility for work performed by any business listed.

This Directory has been arranged in several general categories and a company may be listed in more than one category if applicable.

The Directory should be used as a first hand reference in seeking firms to participate in City of Evanston procurement. It is not an exhaustive Directory, and other sources for Evanston businesses should be consulted as well. Additionally, the Minority, Women, Evanston Business Enterprise (M/W/EBE) coordinator should be contacted at 847-448-8078 to augment your endeavor to locate Evanston businesses.

This Directory will be updated annually; if your company is not listed or if you wish to be added, contact the City of Evanston M/W/EBE coordinator or e-mail purchasing@cityofevanston.org.

Thank you for considering and utilizing Evanston companies.

THE CITY OF EVANSTON
MINORITY, WOMEN & EVANSTON
BUSINESS ENTERPRISE PROGRAM (M/W/EBE)

The City of Evanston recognizes and embraces the importance of providing equal opportunities to all qualified Minority-owned, Women-owned and businesses located within the corporate boundary of Evanston. Additionally, creating opportunities for the employment of Evanston citizens is a major component of the City's M/W/EBE Program's economic development effort.

It is the policy of the City of Evanston to provide M/W/EBEs the maximum opportunity to furnish the City with commodities and services. An M/W/EBE participation objective of 25% of total procurements is established. The M/W/EBE Business Development office was established to facilitate achieving this policy's mission.

The City's contract compliance requirements provide the impetus toward achieving M/W/EBE participation. All recipients of contracts of \$20,000 or more with subcontracting opportunities are monitored to ensure that M/W/EBEs are given the maximum opportunity to participate as subcontractors for professional services, supplies and construction trades.

Minority and Women owned businesses wanting to take advantage of the opportunities afforded under this program must be at least 51 percent owned and controlled by a minority or woman and be certified by a public agency or by an organization globally recognized for certifying minority and women owned businesses. An Evanston business is an entity that is located in or has one or more offices located in the City for a minimum of one year and which performs a "commercially useful function."
