II. APPROVAL OF MAY 14 MEETING MINUTES

III. ZONING ORDINANCE MAP AMENDMENT PUBLIC HEARING
    ZPC 08-01-M  1829-1831 Simpson Street Map Amendment
    An application by Flepspace, LLC, property owner, to consider an amendment to the map of
    the Zoning Ordinance for the property located at 1829-1831 Simpson Street. The applicant
    requests that the City remove the property commonly referred to as 1829-31 Simpson from the
    R3 Two-Family Residential District and place it wholly within the B1 Business District. The
    Plan Commission will consider specific modifications and additions to the map of the Zoning
    Ordinance (and/or the City Code) to rezone the subject property from the R3 Two-Family
    Residential District to the B1 Business District or another appropriate zoning district
    within the Evanston Zoning Ordinance. The applicant, if successful with the map
    amendment request, proposes to utilize the existing building on the subject property for an
    artist’s studio.

IV. PROPOSED PLANNED DEVELOPMENT PUBLIC HEARING
    ZPC 08-03 PD&M  1031 Sherman Avenue
    An application by Michael Dalton, property owner, for a Planned Development and Map
    Amendment. The subject property, commonly known as 1031 Sherman Avenue, is presently
    located within the R3 and MUE Zoning Districts. The applicant requests that the City grant a
    map amendment to change the zoning designation of the entire property from the R3
    Two-Family Residential district and MUE Transitional Manufacturing – Employment district
    to the C1a Commercial Mixed Use district or to another appropriate zoning district within
    the Evanston Zoning Ordinance, and to grant a planned development as a form of special
    use permit including such development allowances, exceptions to development allowances,
    and other relief as may be necessary to allow redevelopment of 1031 Sherman Avenue as a
    multi-family development with accessory parking. Generally, the applicant proposes to
    construct a new structure at 1031 Sherman to develop a multi-family residential building
    with the following characteristics: a) Approximately 45 dwelling units; b) Approximately
    1,000 square feet of lobby space on the ground floor; c) A defined gross floor area of
    approximately 71,476 square feet, resulting in a floor area ratio of about 3.4; d) A six-story
    building height of approximately 64 feet; and e) Approximately 74 parking spaces (33
    parking spaces on the ground floor and 41 in an underground garage). The applicant is
    requesting special use approval for a planned development as required by Section 6-10-1-9(D)
    for a development that includes the construction of more than 24 new residential units.
    However, the applicant is requesting no site development allowances above what is
    permitted in the C1a district.
CONTINUATION – DRAFT DOWNTOWN PLAN AND ZONING RECOMMENDATIONS

The Downtown Plan Committee of the Plan Commission has been leading a downtown planning process. Residents, businesses, institutions, and other property owners have participated throughout the process and have provided their ideas for the future of downtown. Citizens have provided comments on the draft plan at several Plan Commission meetings, and the Plan Commission is now discussing and deliberating the draft plan. Additional citizen comments/questions may be heard at the Planning & Development Committee, which is the next step after the Plan Commission.
