

New Drop-In Gym for Home-Schooled Students

Starting Thursday, Oct. 2, a new open/drop-in gym program for home-schooled students will be offered at the Chandler-Newberger Center, 1028 Central St. The gym will be open noon to 2 p.m. every Thursday through March. This new program is designed for children of all ages. One side of the gym will have climbing blocks and play equipment for younger children. The other side will have equipment for older children to play basketball, soccer, floor hockey and dodgeball. Parents must stay and supervise their children as no staff will be on duty in the gym.

The cost is \$6 per day per Evanston families and \$8 per day for nonresident families. These fees cover all children within a family and are not per child. A reduced fee 10-count punch card will also be offered. For more details, call 847-448-8252.
