Dear Supervisor:

I am a long time resident of Evanston of over 20 years. I just recently became an Evanston homeowner. For that reason, I have enrolled in the current Citizens Police Academy class offered by the Evanston Police Department. My overall objective is to be more aware of how my community can serve me as well as how I can serve my community.

As part of the class, it is requirement to go on a ride-along. I had the opportunity to ride with Officer Hyatt on Saturday night 11/04/06 from about 10:15pm to 2:00am. I wanted to take the time to thank Officer Hyatt for the experience, which reiterates the various levels of situations that a patrol officer can be involved in on any given day/night. The calls we (he) were assigned definitely ranged in levels of severity. Regardless of the severity, Officer Hyatt approached each situation with its own unique level of caution, expertise, and professionalism appropriate for the scenario. I was pleased with the level of knowledge he relayed, and how he was able to break down to me, all the types of activities he typically encounters daily.

Needless to say, this was a good experience for me. But more importantly, this experience relayed the various encounters that the Evanston Police Department has to deal with on a daily basis. It is definitely comforting to know that we have people such as Officer Hyatt patrolling our streets to keep the Evanston community safe. Thank you Officer Hyatt and thanks to the Evanston Police Department for this enlightening experience!

Sincerely,

Robert Wright
