

Art Under Glass Artist Application

A collaborative project between the Arts & Business Committee of the Evanston Arts Council and local commerce, *Art Under Glass* showcases the work of Evanston artists in open storefront windows throughout Evanston. The goal is to bring visual energy to unoccupied retail spaces and to expose artistic works to the Evanston community. Professional and emerging artists will be reviewed by an independent jury for exhibition opportunities based on artistic quality. The final selection process will match artists' works with suitability of available spaces. This program is open to artists who live and/or work in Evanston.
