

# Cook County Animal & Rabies Ordinance Verification Form – *Sections 1 & 2 must be filled out completely*

Cook County requires that operators of an off leash dog facility verify that all dogs using said facility:

1. Show proof of current vaccinations/tests for: Rabies, Distemper, Hepatitis, Parainfluenza, Parvovirus, Bortetella, Leptospirosis and Stool sample.
2. Show proof that they are licensed by the municipality where their owner resides OR provide proof that their municipality does not require a pet license.
  - **Failure by the operator to comply could lead to the facility being CLOSED!**
  - The City of Evanston **CAN NOT** waive any of these requirements, **only Cook County can issue a waiver.**
  - If you would like to inquire about a waiver or have questions about these requirements, you will need to contact Cook County at 708-974-6140.
  - If they do issue you a waiver, you will need to attach that waiver to your Dog Beach Pass application.
  - You must get the waiver before Evanston can issue a Dog Beach Pass.

**Section 1: Vaccinations & Tests Verification:** *Please have your veterinarian office/animal hospital fill in and sign or stamp*

I verify that the following dog/dogs are current in all the vaccinations/test required by the Cook County Animal & Rabies Control Ordinance: Vaccinations for Rabies, Distemper, Hepatitis, Parainfluenza, Parvovirus, Bortetella, Leptospirosis and a Stool Sample test for internal parasites.
