

Bid No. 26-44

for

Levy Senior Center Trash Enclosure

ADDENDUM No. 1

September 24, 2026

Any and all changes to the Bid are valid only if they are included by written addendum to all potential respondents, which will be emailed prior to the Bid due date to all who are known to have received a complete Bid Document. Each respondent must acknowledge receipt of any addenda by indicating in its Bid. Each respondent, by acknowledging receipt of addenda, is responsible for the contents of the addenda and any changes to the bid therein. Failure to acknowledge receipt of addenda may cause the Bid to be rejected. If any language or figures contained in this addendum are in conflict with the original Bid Document, this addendum shall prevail.

This addendum consists of the following:

1. Addendum No. 1 is attached and consists of a total of three (3) pages including this cover sheet.

Please contact me at 847-866-2910 or jcooper@cityofevanston.org with any further questions or comments.

Sincerely,

Jessica Cooper
Purchasing Specialist

Bid 26-44

Levy Senior Center Trash Enclosure

ADDENDUM No. 1

September 24, 2026

This addendum forms a part of the Bid Documents for the Levy Senior Center Trash Enclosure Project, Bid No. 26-44, and modifies the original Bid Documents as described herein. This addendum consists of the following clarifications and responses to questions received from prospective bidders.

Q. Material Specialist Contact: *Our superintendent who was attending in person meeting mentioned you have a contact with a material specialist. I recently ordered samples from Longboard, but since they are based in Canada, I am concerned about potential tariff impacts. Could you please share your contact's information?*

A. The basis of design for the aluminum battens is Knottwood, with Longboard identified as an acceptable alternate. The local sales representative for Knottwood is familiar with this project and is available to provide pricing and product information. His contact information is provided below:

Mike Lecy
Email: mlecy@knotwood.com
Cell: 602-751-0371
Head Office: 602-313-1641

Q. Concrete Slab Repair: *Should I include any slab concrete repair in our cost estimate? I have photos of the inside of the trash enclosures, but due to the number of stored items, I am currently unable to inspect the slab condition.*

A. Bidders shall include the removal and replacement of the existing concrete foundations at the gate posts, as indicated in the Bid Documents, including any necessary removal, repair, and restoration of the adjacent concrete slab affected by this work. The existing concrete slab shall otherwise remain in place, and repairs to deteriorated or damaged portions of the slab outside the limits of the gate post foundation work are not included in the base bid. Should unforeseen conditions requiring additional concrete repairs be identified during construction, such work will be addressed separately by the City.
