

City of Evanston™

We wanted to share with you that we've partnered with Expert AP powered by AvidXchange to automate our accounts payable and payment process. Since your company is already a part of the AvidPay Network and receiving e-payments, we're simply writing to inform you that payments will now be issued by AvidXchange on our behalf.

If you have any questions, you can chat with the AvidXchange team by visiting www.avidxchange.com and clicking on the chat feature on the bottom right-hand corner of your screen. You can also get connected to one of their teammates by visiting www.avidxchange.com/supplier-care/ and select 'General Support' when prompted.

And as always, if you have any questions for us at City of Evanston, you can contact Tera Davis - Tedavis@cityofevanston.org
