**Please note that the attached supporting documents have been updated to show further fund and department analysis.**

Included above are ending fund and cash balances as of September 30, 2023. Cash balance represents liquid cash and/or invested assets which can be used (or easily sold) to support and fund current operations.

Fund balance includes illiquid assets or future cash receipts or disbursements such as receivables (including property tax) due to the City and accounts payable/accrued expenses. All fund balances are unaudited.

The City has received its first installment of property tax payments. Officials from Cook County announced second installment property tax bills for Tax Year 2022 are expected to be available to property owners by November 1 with a due date of December 1.

The City relies on the Illinois Municipal League to project this revenue and their latest projections from September 2023 show \$162.37 per capita. The State budget year beginning July 1, 2023 did increase the local share of LGDF from 6.16% to 6.47% and the City has seen a slight increase in Income Tax returns for the past three months. In total, Income Taxes receipts for FY 2023 slightly trail FY 2022 returns but remains well above prior years largely due to inflation and an increase in Evanston's population in the 2020 Census.

Like income tax, sales taxes have outpaced pre-pandemic amounts due to inflation. Inflation continues to level out but at a slower pace than expected. July is the 7<sup>th</sup> month of revenue recognized for Sales Taxes and Home Rule Sales Taxes which are exceeding 2022 returns by 2.7% and 2.1%, respectively.

Personal Property Replacement Taxes are trending below the amounts received in YTD 2022. According to data from the Illinois Municipal League, these revenues are projected to continue to lag last year's actuals by approximately 38% through the end of 2023.

The unaudited financials as of September 30, 2023, show the General Fund with a fund balance of \$52,972,981 and cash balance of \$50,037,395. The attached financials show both General Fund revenues slightly under budget (at 74%) and expenses over budget (at 77%).

Insurances and other chargebacks are higher mainly because of a one-time transfer of reserves from the General Fund to the Police and Fire Pension Funds. Interfund transfers are at 152% of budget due to a transfer of \$3.3 million to the Capital Improvement Fund to cover overages on four capital projects. Unlike other transfers that are smoothed out throughout the year, these transfers were completed all at once.

The budget planned for a 4.5% increase for all employees and included a 4% reduction to account for city-wide vacancies. In January, the City reached an agreement with the Police Department that has resulted in an 18% increase for Police Officer salaries and 14% increase to Sergeant salaries in 2023. Negotiations with Fire were finalized in March with a 11% increase for Firefighters. The AFSCME contract was finalized in September and resulted in an 11% increase for union employees retroactive to January 1, 2023. Non-union staff received an overall increase of 11% as well. Wage increases for all employees will have taken effect by the end of October and the retro payment for AFSCME employees is expected in November and will be reflected in remaining monthly reports through the end of the year.

Through September 30, 2023, Police spent 95% of budget for overtime, and Fire spent 91% of the annual budget. Higher than budgeted salary increases are contributing to overages in overtime.

### Enterprise Funds

Parking Fund revenues are at 82% and expenses at 64% as of September 30, 2023. Capital projects budgeted under Capital Outlay have not started contributing to expenses coming under budget.

Through September 30, 2023, overall the Water Fund operating revenues and expenses are in line with the budget. Capital projects funded by IEPA loans have begun. These projects are budgeted in Other Revenue and expenses in Capital Outlay. One concern is the fact that 2023 GO Bonds have not been issued for projects planned in this fund. These projects have been drawing on the existing fund balance until these bonds are issued.

Through September 30, 2023, the Sewer Funds operating revenues and expenses came in below budget. Capital projects budgeted under Capital Outlay have not started contributing to expenses coming under budget.

## Other Funds

Through September 30, 2023, the Capital Improvements Fund is showing a negative fund balance of \$809,995 and a cash balance of \$5,140,570. The fund continues to spend down Series 2021 and Series 2020 bond proceeds. The fund saw a significant decrease in fund balance due to the booking of expenses for projects that have been completed, but invoices not received from IDOT as well as deferred issuance of 2022 and 2023 GO Bonds. Several projects have been approved by City Council at higher than budgeted amounts and have used General Fund cash balance totaling \$3,264,226.

Through September 30, 2023, the Crown Construction fund is showing fund and cash balance of \$5,034,673. This cash balance is useful to fund any major needs of the Robert Crown center. The fund received a \$250,000 donation from the Friends of the Robert Crown in August.

Through September 30, 2023, the Fleet Fund is showing a negative fund balance of \$402,023 and a negative cash balance of \$1,943,067. This difference is largely a result of inventory on hand that is reflected as an asset in the fund balance but reduced from the cash balance. This deficit has grown over the last few months and is a result of wage increases to Fleet Maintenance employees and the impact of inflation on vehicle parts and fuel. As this is an internal service fund largely supported by the General Fund, this deficit will need to be covered by increasing transfers from the General Fund.

Through September 30, 2023, the Insurance Fund is showing a negative fund balance of \$1,205,882 and a negative cash balance of \$1,386,604.
