RE: City of Evanston Electric Aggregation Program
ComEd Service Address:

ELECTRIC AGGREGATION PROGRAM NOTICE

Dear Resident or Small Business Owner:

The City of Evanston is continuing our Electric Aggregation program. Following the passage of a voter referendum in 2012, which authorized the City to adopt electric aggregation programs, the City has procured electric supply in bulk for residents and small businesses. Chicago-based MC Squared Energy Services, LLC (mc²), was recently selected in a competitive bid process to serve the City with electric supply through December 2023 including a Civic Contribution of \$500,000 annually to the City that will be used to purchase Renewable Energy Certificates (RECs) and support the implementation of the Climate Action and Resilience Plan at no additional cost to the residents or the City. mc² will provide eligible residents and small businesses with an electric supply price equal to the ComEd monthly publishing tariff supply rate during the 30-month term beginning with the June 2021 ComEd meter read cycle.

AGGREGATION SUPPORTS EVANSTON'S CLIMATE ACTION GOALS

By participating in the City's Electric Aggregation program, you will be supporting Evanston's commitment to achieving 100% renewable electricity by 2030. Participation will also help the City implement its Climate Action and Resilience Plan and provide resources needed to reduce Evanston's emissions overall. Since 2005, Evanston has reduced its overall greenhouse gas emissions by more than 20%. For more information on climate action and sustainability visit: www.cityofevanston.org/sustainability.

YOU WILL BE AUTOMATICALLY ENROLLED IN THIS PROGRAM UNLESS YOU OPT-OUT

- You are **still** a ComEd customer for electricity delivery and metering purposes at your home or business.
- You will pay ComEd in the same manner as you currently do. There is no change in billing under the City's Electric Aggregation program.
- Under this program, your electric rate will be the same as the monthly ComEd published tariff rate. Electric supply from MC Squared Energy Services, LLC does not cost more than the ComEd published tariff supply rate.
- For April 2021, ComEd's published supply rate is 6.905 cents/kWh and will remain at that rate until May 2021. Your future rate with MC Squared Energy Services will match ComEd's published supply rate which changes at least twice a year and is subject to a monthly adjustment of +/- \$0.005 per kWh.
- ComEd continues to be responsible for the wires, poles, and all emergencies, including outage restoration.
- There is no enrollment, switching or early termination fees under the City's Electric Aggregation program.

Please See Reverse Side for Opt Out Instructions

You are not required to do anything to participate in the Electric Aggregation program. mc² will automatically process your enrollment based on your historical electric consumption. You will pay the same rate as the published monthly ComEd tariff supply rate. There are no enrollment fees or early termination fees. This electric aggregation program is not part of the City's Community Solar Program that will be available separately to residents in the coming weeks.

Opt Out Option:

You have twenty-one (21) days from the date of this notice to opt out of the program by calling 855-697-0285, Monday through Friday, 8 am to 5 pm, or returning the enclosed postage-prepaid card by **April 30, 2021**. Due to recent US Postal Service delays, consider calling toll-free 855-697-0285 or emailing Evanston@mc2energyservices.com to opt out of the program. Please note that you may opt-out at any time during the term of the program at no cost or penalty to you.

If you do not opt out of the City's Electric Aggregation program, you will be deemed to have authorized and agreed to your enrollment in the electric aggregation program, and to have your electric service with mc² under the enclosed Terms and Conditions and the Uniform Disclosure Statement. For information on the ComEd tariff rate, please visit www.pluginillinois.org, the Illinois Commerce Commission website for free consumer information. You may purchase electric supply from other Retail Electricity Suppliers or ComEd. For a complete list of your options, visit pluginillinois.org. You may request a list of all supply options available in a format allowing comparison of price and product from the Illinois Power Agency free of charge at illinois.gov/ipa/Pages/Feedback_Form.aspx.

Billing and Service:

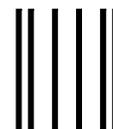

Your billing and delivery service from ComEd will remain the same. You will continue to receive a monthly invoice from ComEd. ComEd continues to be responsible for the distribution network, wires, poles, and all emergencies, including outage restoration of your service in the event of an outage.

For more information, email Evanston@mc2energyservices.com or call 855-697-0285, Monday through Friday, 8 am to 5 pm. Please beware of potential scams: any solicitor who visits or calls, requesting your permission to switch to an electricity supplier, is not associated with the City, mc² or ComEd. MC Squared Energy Services, LLC is the only vendor endorsed by the City; no other supplier has been endorsed by the City.

Sincerely,

City of Evanston
