### ***Help Shape the Future of Citizen Commissions in the Region***

*From the desk of Metropolitan Mayors Caucus Senior Sustainability Specialist Cheryl Scott:*

Graduate students from the University of Michigan's Gerald R. Ford School of Public Policy are partnering with the Metropolitan Mayors Caucus through a strategic consulting course taught by former Chicago Mayor Lori Lightfoot. Together, we are exploring how citizen commissions operate, challenges they face, and opportunities they create. The goal is to identify best practices and develop recommendations to make commissions more inclusive, effective, and accessible for communities in the region.

We appreciate any insights you can share through a short survey (about 10 minutes) or an interview. Please fill out the survey below by Nov. 23. This project covers all forms of citizen commissions, including housing, police, historical, and environmental commissions.

### ***UIC Call for Capstone Project Proposals***

*From our partners at the University of Illinois at Chicago:*

You have a project. UIC students can help. Does your organization have a project it wants done but no time to do it?

- Perhaps you collected data that has gone unanalyzed or need a literature review?
- Perhaps you would like to develop a needs assessment, analyze program ideas, or research an implementation plan for possible solutions?
- Perhaps you have a project postponed due to a lack of resources?

[UIC can help this spring!](#)

[Apply here.](#) The Deadline for your ideas is December 8, 2025.

Capstone projects are learning in action. The Capstone provides students earning their bachelor's degree in urban studies with experiences that allow them to integrate classroom learning with relevant problem-solving experience in a professional work situation. Over the course of one semester, senior-level Urban Studies students work in teams to address urban issues, organizational challenges, identify opportunities for a client organization, conduct research on a pressing management issue, and analyze data. Capstone projects contribute to students' professional training, offer organizations the opportunity to access student expertise, and strengthen the relationships between UIC and organizations around the city, state, and region. [Click here to learn more about the Capstone, view the Timeline, Ideal Capstone Proposals, and Things to Consider.](#) *Staff contact: Brian Larson*

## ***Where would you like to see new rail stations?***

*From our partners at the Cook County Department of Transportation and Highways (DOTH):*

Please help the Cook County DoTH promote a survey by sharing the [attached flyer](#) with your members, which can also be accessing at [www.cookrailsurvey.com](http://www.cookrailsurvey.com). The survey will run through December 31.

The survey is part of a study DoTH is leading to investigate where additional transit rail stations should be considered along existing transit rail lines within Cook County. This effort is called the Rail Infill Station Study and is being conducted in partnership with CDOT, CTA, and Metra. The expected results of the study include a set of prioritized stations for the agencies and stakeholders to further investigate and develop, as well as a vision for how key stations may fit into both the local context and the broader transit network. Work on the study is expected to be completed in 2026.

Both CTA and Metra rail networks are being evaluated, and we are seeking input through the online survey from the general public and local and regional stakeholders. These survey results will help us better understand and prioritize opportunities for future rail stations. Social media posts and car card advertisements for the survey will begin appearing on CTA and Metra trains in the coming weeks so please be on the lookout for those as well. We also welcome COG and COM staff to complete the survey. Kindly limit to one response per organization or municipality.

Please direct any questions about the survey or study to Sam Waldorf ([Samuel.Waldorf@cookcountyil.gov](mailto:Samuel.Waldorf@cookcountyil.gov)), Nicholas Riehle ([Nicholas.Riehle@cookcountyil.gov](mailto:Nicholas.Riehle@cookcountyil.gov)), or Ryan Ruehle ([Ryan.Ruehle@cookcountyil.gov](mailto:Ryan.Ruehle@cookcountyil.gov)). *Staff contacts: Eric Czarnota, Brian Larson*
