## **Police/Fire Headquarters Chiller Replacement**

March 17, 2026

---

### **Project Description**

The City of Evanston will be replacing the Chillers at the Police Fire Headquarters. These chillers provide cooling for the entire building. The work includes removing the existing chillers and installing the new chillers in the same location. The heating system for the building will be isolated from the chiller equipment, allowing the heating system to function during the construction.

### **Project Schedule**

This project is anticipated to begin in **March 2026** and be completed in **April 2026**. During construction the Police and Fire Headquarters will continue to operate with limited disruptions.

### **Contractor**

The project's general contractor is Carrier Corporation, 7501 South Quincy St., Suite 110, Willowbrook, Illinois 60527.

### **Project Monitoring**

The project is monitored by the City's Capital Planning & Engineering Bureau. If you have questions or concerns during construction, please contact Shane Cary, Project Manager, at **3-1-1** or **847-448-4311**.
