# TIMELINE

# Concept 1 UNLEASHED FIELDS

## Community Feedback:

“Seating helpful for community enjoyment, but buffer/signage to discourage smoking right next to dog park will be very helpful”

“Keep size, shift a bit east with room for some seating. Agility less of a priority”

“I love this idea and think it will bring lots of positive energy to our neighborhood!”

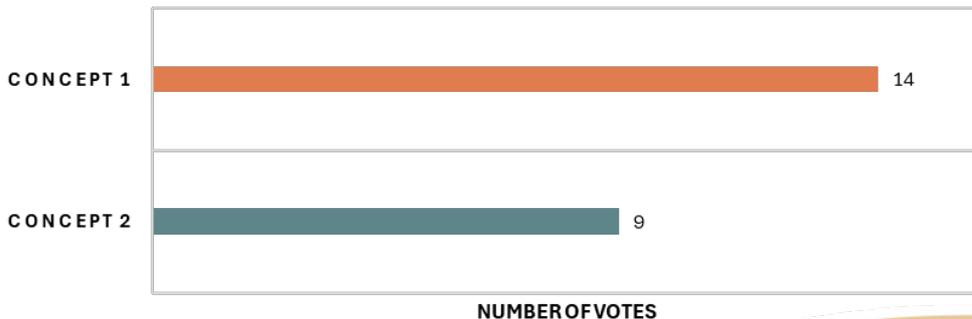

“This will be a lovely and cost-effective reinvention of the middle of the park”

# Concept 2 WAG AND DASH PARK

## Community Feedback:

“Could we expand it south for more area on Ridge”

“Family area to play between sidewalks”

“Ideally the concept 2 without agility to leave room for other park activities”
