Evanston Shoreline Repairs

June 20, 2022

Description

Geotechnical sampling and soil borings using truck mounted equipment at Elliot Park, Greenwood Beach, and Dawes Park (see attached map for locations).

Schedule

Work is scheduled to occur on Wednesday, June 22, 2022 and is anticipated to require one day to complete.

Background

The soil samples will be used to develop preliminary design solutions to repair the shoreline as a result of damage from high water levels and severe storms.

Funding

Funding for the preliminary design work is provided from the 2021 GO Bond Fund in the amount of \$299,280, and the Water Fund in the amount of \$33,720.

Contractor

The design consultant for this work is SmithGroup, Inc., 35 East Wacker Drive, Suite 900, Chicago, Illinois 60601.

City Contact

The project is being monitored by the City's Capital Planning and Engineering Bureau. If you have questions or concerns, please contact Stefanie Levine, Senior Project Manager, at 3-1-1 or 847-448-4311.
