City of Evanston
James Park North Field Renovations
July 21, 2017

Project Description
Over the next five months the City of Evanston will be contracting improvements at James Park (south of Oakton, and adjacent to the existing tennis courts). The project is funded through General Obligation Bond proceeds for Capital Improvement Projects. Improvements will include:

1. Relocation and reconstruction of one baseball field.
2. Construction of one new soccer field.
3. Reconstruction of a portion of the park’s existing bike path along Oakton Street.

Project Schedule
This project is anticipated to be complete in November 2017. In order to allow the athletic field grass adequate time to establish, the City anticipates that the new athletic fields will not be open for public use until the fall of 2018.

Limited parking restrictions on Oakton may be required as a result of this project. Temporary “NO PARKING” signs will be posted 48 hours in advance of this work.

Contractor
The general contractor for this project is Elanar Construction Company, 6620 W. Belmont Avenue, Chicago, Illinois 60634.

City Monitoring
The City’s Capital Planning and Engineering Bureau will be responsible for monitoring this project. If you have any questions or concerns during construction, please contact Bridget Nash, P.E. at 3-1-1 or 847-448-4311.
