Program Purpose and Overview

The purpose of the Storefront Modernization Program (“the Program”) is to improve the appearance and functionality of street-level commercial buildings located throughout the City of Evanston and to support the development of **retail** uses within the City. The Program works to address especially deteriorating and obsolete property conditions and encourage storefront, interior build-out, accessibility and/or sustainability improvements to the property as a means to generate additional business for Evanston’s commercial areas.

Program participants are eligible to receive a rebate upon the completion of their approved storefront or interior build-out, project (“the Project”). The rebate is in the form of a loan, forgivable over a five (5) year period. Applicants seeking funding for exterior improvements to the property are eligible for a rebate of up to 50% of the total project cost (maximum amount \$25,000); Applicants seeking funding for interior improvements are eligible for a maximum rebate of \$50,000 (this maximum rebate is inclusive of both interior and exterior work).

The Program is managed and administered by the Economic Development Division of the City Manager’s Office.

Eligibility Criteria

Eligible participants of the Program include property owners and tenants of street-level commercial spaces within Evanston. A business owner who is leasing space must:

- Be current on all fees and taxes owed to the City of Evanston;
- Have a current executed lease with a minimum of five (5) years remaining from the date of Application or provide evidence that the business has operated in Evanston for over five (5) years; and
- Provide written approval from the property owner to participate in the Program and consent to recordation against the subject property of a Declaration of Covenants Affecting the Property (for projects receiving a forgivable loan of \$5,000 or more). Preference will be given to projects in which property owners also contribute investment in tenant improvements.

Street-level commercial spaces are eligible to seek funding for exterior (façade) improvements such as signage, tuckpointing, awnings, doors, and windows regardless of their location within Evanston. Eligibility for the interior build-out portion of the Program is limited to property owners and/or tenants of ground floor commercial buildings whose business qualifies as a **retail goods establishment** for zoning purposes. To encourage additional commercial development in the western and southern business districts of Evanston, the interior build-out program is also available to any business with frontage along one of the following streets regardless of use:

- Howard Street
- Dodge Avenue
- Florence Avenue (Crain St to Greenleaf St)
- Greenleaf Street (Florence Ave to Wesley Ave)
- Simpson Street (alley west of Ashland Ave to Darrow Ave)
- Main Street*
- Dempster Street*
- Church Street*
- Emerson Street*

(* West of Ridge Avenue)

Note: Properties will not be considered eligible in any part of Evanston that are being renovated without a tenant or a signed lease with at least 5 years on the lease.

Storefront Improvements: Storefronts are defined as the portion of a building that faces the public right-of-way and is fronted by a sidewalk or similar pedestrian-oriented pathway. Eligible improvements include ramps, door openers, signage, painting, lighting, windows, doors, fascia, tile, canopies, awnings, trim, metal work and other decorative elements, restoration of historic properties and other improvements contributing to the visual enhancement or accessibility of a property as it relates to the public right-of-way. Any projects requesting reimbursement for more than \$3,000 must have a storefront that complies with the Illinois Accessibility Code. For the purposes of considering projects, a storefront is considered the entire length of the building that faces the street, regardless of how many individual storefronts comprise the building. For example, a property with three tenants will not be considered three individual projects with the ability to apply for the maximum storefront improvement amounts for each storefront.

Ineligible improvements include roofs that are not “part of the façade” (i.e. do not face the public way; the portion of mansard roofs, for example, facing street frontage are eligible), non-permanent fixtures, security systems, personal property, interior window coverings, equipment, any improvements not visible from the public right-of-way, improvements above the ground floor of the property, and any improvements deemed to be inconsistent with redevelopment purposes and objectives.

Interior Improvements: Interior improvements are considered to be any construction or work done which results in fixed capital improvements to the interior of the property. Funding for interior build-out projects is limited to properties that qualify as a retail goods establishment for zoning purposes, or to any street-level property with frontage along Dodge Avenue, Howard Street, or the portions of Main, Dempster, Church, or Emerson Streets west of Ridge Avenue. Eligible improvements include plumbing and electrical upgrades, upgrading or retrofitting of mechanical systems, life safety/sprinkler systems, alterations needed for compliance with the Americans with Disabilities Act (ADA) or Illinois Accessibility Code and general reconfiguration of the interior space.

Ineligible improvements include equipment such as refrigerators, ovens, computers, cash registers, tables and chairs, desks, decorative window or wall coverings and other items which are neither permanent leasehold improvements nor result in fixed capital improvements.

Any significant alterations or additions to the storefront, interior, and/or requests for approval of new or altered signage should be reviewed with the Community Development Department’s or Planning and Zoning staff to assure compliance with State and Local Building codes and/or zoning ordinances. Any project receiving City funding is required to obtain Design and Project Review approval before a building permit can be issued. Further, any alteration or construction on properties which have been designated as a local landmark or are located in historic districts must be approved by the Historic Preservation Commission prior to consideration for funding in the Program.

Ineligible Participants of the program include:

- National franchises/for profit corporations with more than ten locations outside of Evanston, unless the organization is headquartered in Evanston;

- Occupants or owners of buildings that are not current with property taxes, water bills, or properties possessing any sort of non-mortgage liens (i.e. mechanics lien, etc.);
- Persons who have one or more outstanding City of Evanston parking tickets;
- Buildings in excess of an 80,000 square foot footprint;
- Churches or other religious organizations;
- Government offices and agencies (non-governmental tenants are eligible);
- New construction, less than five (5) years old; and
- Property that has received storefront improvement funds (formerly known as the City of Evanston’s Façade Improvement Program) within the past ten years (unless change of use is significant enough to warrant change in storefront).

Storefront Modernization Program Administration

The Program provides participants the opportunity to receive a rebate upon the completion of their approved Project, up to an approved amount, based the maximum amounts set forth in the sections below.

Funding Source(s): Projects will be funded through: tax increment financing (TIF) within applicable TIF Districts, Community Development Block Grants, and/or Economic Development Funds.

Rebate/Forgivable Loan: The rebate is in the form of a loan, forgivable over a five (5) year (60 month) period as illustrated in the box to the right. Participants can receive a rebate for up to half of the total project cost, based on the “total eligible cost” for their specific Project.

Note: if the agreement is terminated prior to the completion of the five-year (60-month) forgivable loan period, the Participant will be responsible for repayment of the balance of rebate (“loan”) on a prorated basis. The prorated amount due will be determined by multiplying the original rebate amount times the percentage obtained by dividing the number of months remaining in the five (5) year period by 60 (the total number of months in the loan period). The commencement date of the 60 month forgivable period starts on the month that the program agreement is signed and ends on the 5th anniversary date.

FIVE (5) YEAR FORGIVEABLE LOAN	
<u>Example Improvement:</u>	
Total Project Cost:	\$ 50,000
Eligible Rebate:	\$ 13,500
Owner/Tenant Funds:	\$ 36,500
<u>Total Forgivable Loan from the City:</u>	
Month 0-12 Loan (\$2,700):	\$ 10,800
Month 13-24 Loan (\$2,700):	\$ 8,100
Month 25-36 Loan (\$2,700):	\$ 5,400
Month 37-48 Loan (\$2,700):	\$ 2,700
Month 49-60 Loan (\$2,700):	\$ 0

Total Eligible Project Cost:

Storefront Improvements - To determine “total eligible cost” for storefront projects, rebates are based on a formula whereby the first thirty-five (35) linear feet of public right-of-way facing frontage (or less) is eligible for up to \$10,000 on a 50/50 cost-sharing basis. Each linear foot of

frontage greater than thirty-five (35) is eligible for an additional \$100 per foot toward the “total eligible cost”. In order to calculate the “total eligible cost,” measurements of the façade should be taken from one end of a structure to another end of the structure that includes only the portion(s) of the storefront for which funds are being requested for assistance.

For example, if the public right-of-way facing portion of a storefront is seventy (70) linear feet, the first thirty-five (35) linear feet of the façade would be eligible for up to \$10,000 in funding, based on the 50/50 cost sharing provision. The remaining thirty-five linear feet qualify the applicant for an additional \$3,500 in assistance. In total, this storefront would qualify for up to \$13,500 in assistance. Note, a storefront is considered the entire length of the building that faces the street, regardless of how many individual storefronts comprise the building. If a structure contains three individual commercial spaces with three tenants, this property will not be considered as three individual projects with the ability to apply for the maximum storefront improvement amounts for each individual commercial tenant’s storefront; the maximum eligibility amount will be determined based on the length of frontage.

Interior Build-out Projects - Interior build out projects are eligible for up to \$50,000 on a 50/50 cost sharing basis. The same \$50,000 maximum applies to projects that involve a combination of interior and storefront (exterior) improvements. The final approved amount will depend on the scope of work to be completed. Inclusion and reimbursement of building systems such as plumbing or HVAC would require utilization of equipment and materials that comply with the appropriate sustainable building measures set forth in the City’s Green Building Ordinance ([Title 4, Chapter 21 of the City Code](#)). For example, reimbursement for renovating a bathroom would require the use of WaterSense certified fixtures.

For approved projects for which a rebate of \$10,000 or more is awarded (i.e. projects with eligible total improvement costs of \$20,000 or more), an applicant may request up to two payments for the project. In such cases, a schedule for the partial payment and a timeline with benchmarks for completion for each project phase must be submitted and approved by Economic Development Staff. In each case, the reimbursement shall only be made after the defined work has been completed and passed any necessary inspections, and payment has been made by the business/property owner.

Estimates for the Project: As storefront improvement grants are public funds, Participants will be expected to get three estimates for each aspect of their project, of which one should be from an Evanston-based business. This allows for some assurance that the project pricing is competitive and that there is an opportunity to utilize local businesses.

Design Guidelines

The use of the City of Evanston Design Guidelines is encouraged. Obtain a copy of the Design Guidelines from the Economic Development Division office or by visiting the web at <http://www.evanstonedge.com/files/2012/08/Facade-Sign-Design-Guidelines.pdf>

While it is not possible for many small businesses to make their storefronts fully accessible for persons with disabilities, the ADA requires that accessibility be improved whenever possible through the removal of physical barriers. For examples of barrier removal, please see “The Americans with Disabilities Act Checklist for Readily Achievable Barrier Removals” at

<http://www.ada.gov/racheck.pdf> and “ADA Guide for Small Businesses” at <http://www.ada.gov/smbusgd.pdf>.

Program Steps

Step 1: Arrange to Meet with an Economic Development Specialist. Applicants should schedule a meeting with an Economic Development Coordinator to discuss the program, ask questions, and obtain application materials.

Cindy Plante
Economic Development Specialist
(847) 448-8132
cplante@cityofevanston.org

Step 2: Application Submission. Applications are accepted on a rolling basis throughout the year as long as funding remains available. Complete submissions must include the following:

- Completed application form ([link](#));
- Copies of three estimate sheets for each aspect of proposed work. At least one of the three estimates must come from an Evanston based business.
- Two (2) Color photographs of the property “as is”.
- Illustration/Design of proposed work to be completed.
- Proof of commercial general liability and auto insurance
- If tenant is the applicant, letter of support from property owner indicating he/she is supportive of the project and has reviewed the terms and conditions of the Program.

Note: All applications, project photos, and supporting documents shall be submitted online.

Step 3: Staff Application Review Process. After Applications are submitted, Staff will:

- Evaluate each project submitted to determine if Application is complete.
- Confirm eligibility of proposed project and location and determine total eligible project cost;
- Identify appropriate funding sources for each proposed project;
- Prepare recommendations of approval of funds to the appropriate Committee.

Staff will evaluate Applications on the following criteria:

- Total project budget;
- Location within an established business district, along a major street or near a transit station;
- Use of energy efficiency measures (installation of energy saving windows, doors, etc.);
- Steps taken to improve access for persons with disabilities;
- Returning unproductive uses to productive uses and/or creation of new rentable space in a building;
- Investment or tenant improvements being provided by the property owner; and
- Total linear feet and/or square footage of commercial space to be improved.

Step 4: Public Review and Approval Process. Staff will submit recommendations to the Economic Development Committee for review and recommendation to City Council. All projects are then forwarded to City Council for final approval.

Participants whose total project costs exceed \$3,000 are required to be present at all public meetings at which proposed Project will be discussed. Participants will be notified of time, date, and place of the public meeting at which the Application will be considered. Staff will outline meeting schedules for applicants at their consultation meetings. Participants whose total project costs are less than \$3,000 are not required to attend public meetings.

Step 5: Execution of Program Agreement. Following approval by City Council, Participants will be required to enter into and execute a written agreement with the City of Evanston which will establish the terms, conditions, and requirements for participation in the Program. Once the Program Agreement has been executed to the satisfaction of the City Manager, a **Notice to Proceed** will be issued to the Participant. Note: Projects must be completed within 180 business days of the applicant being provided the Notice to Proceed in order to obtain funding. A sample copy of the terms and agreements of the agreement are provided in **Attachment A** of this document.

Step 6 (if applicable): Project Phasing Plan. Applicants that have been approved for projects with a rebate of \$10,000 or more may submit to Economic Development Staff a written request to divide projects into two phases for the purposes of partial reimbursement of project costs. For example, if a project includes multiple components such as plumbing, HVAC, tuck-pointing, window and door replacement and signage, applicant may propose to staff to divide work into two phases in order to seek repayment after certain aspects of the project have been completed. Applicants shall submit to Economic Development staff a project phasing plan, which clearly defines the work to be completed in each phase along with expected completion dates. Such phasing plan must be approved by Staff in order to establish partial payment plan.

Note: Commencement of work without an executed Program Agreement will automatically disqualify a Participant from being eligible to participate in the Program, and negates the City's obligation to rebate any portion of the work.

Terms & Conditions

In accordance with the Program Guidelines, the City of Evanston will provide financial assistance up to the approved amount of a project at no more than half of the total project cost. The rebate will come in the form of a loan forgivable over a five (5) year (or 60 month) period, upon completion of the Project.

Any rebates paid by the City of Evanston pursuant to this program shall not be made until all work has been completed; all improvement work has been inspected and approved by the City of Evanston. If a partial rebate payment schedule with project completion benchmarks has been established with and approved by Economic Development Staff (for projects eligible for \$10,000 or more), work must still be inspected and approved by the City prior to partial payment being issued. Additionally, all payments for said work must be made to contractors, material suppliers, and vendors. Participants of the Program must submit to the City of Evanston itemized invoices detailing work completed and materials purchased. Such invoices shall include proof of payment to all contractors, suppliers, and vendors. Documentation must be submitted within 45 days of project completion. The participant shall also submit unconditional lien releases and other documentation as required by this Program. **The participant is responsible for all payments to all contractors, material suppliers, and vendors.**

Any rebates paid by the City of Evanston pursuant to this Program constitute loans made to the Participants. Said loans will be forgiven, as described in the Program Agreement, however, if the property owner or successor-in-interest assumes the Participant's obligations of the Program Agreement pursuant to a City-approved assignment and assumption agreement, and continues to own and/or occupy the rehabilitated property and maintain the improvements for a period ending five (5) years from the date the program agreement is signed without removing or significantly altering the Improvements, as determined by the City of Evanston in its sole discretion.

If the property owner sells the property or the business owner fails to occupy the property prior to the end of the fifth (5th) year, the remaining share of the loan (prorated on a monthly basis) shall become due, plus three percent (3%) interest per annum payable to the City of Evanston is due within thirty (30) calendar days, unless the succeeding property owner or business owner (i) assumes the obligations of the Program Agreement pursuant to a City of Evanston approved assignment and assumption agreement, and (ii) does not make any changes to the property resulting in the removal of significant alteration to the Improvements, and maintains the Improvements for a period of five (5) years from the date of receipt of the rebate. The prorated amount due will be obtained by multiplying the original rebate amount times the percentage obtained by dividing the number of months remaining in the five (5) year period that commences on the month that the program agreement is signed and ends on the 5th anniversary date by 60, which is the total number of months in the loan period.

Prevailing Wages: Projects utilizing CDBG must comply with Davis-Bacon Prevailing Wages. Participants will be informed if they will have to comply with Davis-Bacon Prevailing Wages.

Project Completion: Projects must be completed within 180 business days of receiving the Notice to Proceed by the City as specified in Section VI of the Program Agreement (extensions will be considered on a case-by-case basis);

Property Taxes and Liens: Property taxes must be current, and participants may have no debts in arrears to the City when the Commitment Letter is issued. The property must also be clear of all other non-debt related liens.
