I, Betty Sue Ester hereby file with the City of Evanston Ethic Board and the Law Department a complaint/questioning the action of elected officials for possibly violating of the City of Evanston Code of Ethic against the following individuals (The “Respondents”)

Name of Respondents are Aldermen Delores Holmes, Peter Braithwaite, Eleanor Revelle and Mayor Elizabeth Tisdahl.

In this election the following elected officials – Aldermen Delores Holmes, Peter Braithwaite, Eleanor Revelle and Mayor Elizabeth Tisdahl-

It appears that they have violated the City of Evanston Code of Ethics, Title I Chapter 10- Board of Ethics Section 1-10-3, Section 1-1-4 (A), (B) and (C) 1- 3b(2) - 11 knowingly or willingly. Section 1-10-5 (A) and (B) when they endorsed candidates in this year consolidation election. Alderman Holmes compounded the violation when she use the City e-mail delivery to sent out her endorsement of Robin Rue Simmons for 5th Ward Alderman.

They further violated the City Ethics Code if it is true that allowing Robin Rue-Simmons to use a building that a rented by the City to run the Sunshine Program out off and which Mrs. Rue-Simmons is an employee of Sunshine Enterprises

Name of Respondent Robin Rue-Simmons

Please specify Respondent’s position with the City of Evanston and or the nature of Respondent’s relationship to an officer or employee of the City:

Committee member of the City Compensation committee and a member of the Minority, Women and Evanston Business Enterprise Development Committee

City Compensation
Serve on the City Compensation committee that voted to give the alderman a raise just four month before it was time to file as a candidate for alderman.
-htp://www.cityofevanston.org/assets/Compensation%20Committee%20Mtg%20Minutes %205-3-16.pdf

Alderman Holmes vote for the raise and four month later is supporting Robin Rue – Simmons for her seat as Alderman of the 5 Ward

Minority, Women and Evanston Business Enterprise Development Committee
Servicing on the MWEBE Committee pitch the Sunshine Enterprises program to the Economic Development Committee.

Sunshine Enterprises launched a pilot Evanston-based program on September 26, 2015 serving a cohort of twenty Evanston residents. Sunshine Enterprises has hired Robin Simmons as the local liaison to help identify local entrepreneurs and to coordinate and teach the weekly entrepreneurship curriculum. The classes are taught on Saturday mornings at the Civic Center. The fall 2015 calendar of classes is attached.
At this time Ms Robin Rue-Simmons was stating in the community that she was not working for Sunshine Enterprises but was a volunteer. She also stated that if Sunshine Enterprise got funding
approved from the City she would be pick up as an employee. Which she was and continue to work for Sunshine Enterprises.

Sunshine Enterprises received from the City Funds (CDBG?) the payment of $50,000 and reimburse to the Sunshine Enterprises in the amount of $22,000 plus $50,000 to fund a program to help individual with starting a business. After the first payment she became an employee, Program Manager for the – Sunshine Enterprises http://sunshineenterprises.com/about/

City gave $125,000 there is no mention of that grants from the City of Evanston..
https://cityofevanston.org/assets/2-R-17%20Grant%20Agreement%20with%20Sunshine%20Enterprises%20-%20signed.pdf –

There is no mention of the Sunshine Enterprises program here in Evanston on the Sunshine Enterprise Website. Robin Rue- Simons while out on the campaign trail she is tell the community that she is an employee off the sunshine Enterprise. She state in public after the first approval of the $50,000 she would become an employee of the Sunshine Enterprise.

Tell the community that Signature Construction Serve is a viability company she has and is doing work on family homes as signature when the state says the company is Involuntary Dissolution 03-14-14 Perpetual. https://www.ilsos.gov/corporate/LLC/CorporateLLCController

The question is Robin Rue-Simmons whether Robin Rue-Simmons should be pushing her business Signature Construction Service in the community about working on project that the City is financial supporting. She work on NSP2 project and the Geometrical building partnership with the City of Evanston and Community Partner of Affordable Housing since she have been bared from using Signature Construction Service as a business name.
These are the section of the Code Ethics that I believe was violated.

ROBIN ON THE ISSUES:

Neighborhood Safety:
As your alderman, I will continue to make violence prevention in
our community my top priority. I will also add more streetlights
throughout the Ward to improve safety and visibility on our
blocks at night.

Economic Development:
As your alderman I will bring my
experience as a small business owner
and entrepreneur to city council. I will
work with business districts to
modernize their storefronts. I will work
to attract businesses that will increase
the tax base and create quality jobs for
our Community. Together we will
improve our local economy.

Families:
I will prioritize enrichment and
resources for young parents, seniors,
and individuals with visible and
invisible disabilities.

Affordable Housing:
As your alderman, I will work with our City Council and staff to
expand the options offered to families and seniors seeking
affordable housing. I want to increase our number of
homeownership and expand rental assistance programs.

Dear Fifth Ward Residents:

In May of this year, my time as Alderman of the Fifth Ward will come to an end. Thanks to all of you, it has been an engaging and inspirational journey and I'm excited to slow down a bit and focus on family, friends and me!

Many of you have asked me who you should vote for in the upcoming election and so, before early voting starts, I wanted to share with you who I feel is the most qualified candidate running.

In 2009, when I began my second term as Alderman, I made a list of things that I thought would be helpful to anyone who wanted to serve as an Alderman.

1. Get involved with your block and neighbors; form a block club if you don't already have one.
2. Join one of the City's many boards or committees; there's something there for everyone.
3. Attend the monthly City Council meetings or one of the standing Committee meetings.
4. Attend monthly Ward and block club meetings to provide input and receive information.
5. Keep up with the issues, whether City or Ward, by staying in touch with the current Alderman.

I felt then, and still feel today, that engaging this way would provide anyone a good foundation to understanding the role of being an Alderman.

We have five candidates running and just like you, I have to decide who will get my vote. I have listened to and observed all of the candidates at the forums, I know each of them, and have worked with all — some more than others.

After much consideration and lots of prayer, I am pleased to announce my endorsement of Robin Rue.

Why Robin?

Because I think she is the most prepared candidate. She is always professional. She has educated herself on the issues. She knows and understands, the Ward and its residents. She is easy to engage with, open to partnering with others, and is inclusive, effective, informed, and willing to work with everyone.

I am inspired by her passion, energy, youth, and her love of the Ward and its residents.

For these reasons, Robin gets my vote!

Sincerely,

Alderman Delores Holmes

Subject: Sunshine Enterprises Evanston Entrepreneurship Support

Date: October 22, 2015

Discussion

On September 2, 2015, staff presented a workforce development vision to the Economic Development Committee recognizing that the City's comprehensive approach to Workforce Development can be strengthened, building off of the success of the Mayor's Summer Youth Employment Program, the Career Pathways partnership with Youth Job Center, and Curt's Café skills training. In addition to "earn and learn" workforce development models in eight key industries (IT, Sales, Business & Financial, Healthcare, Office & Administrative, Transportation, Food Service, and Manufacturing) staff recommended further exploration of minority-led and minority-focused entrepreneurship training.

Entrepreneurship is a key pathway to economic growth and an alternative route for those who may not be a good fit for job placement in traditional corporate "9 to 5" or small business environments. Staff has identified an entrepreneurship training and coaching program offered by Sunshine Enterprises that has the potential to launch Evanston-based startups founded by our targeted population. The program "supports women, minorities, immigrants and other traditionally marginalized populations to start and grow successful businesses by investing in the entrepreneurial spirit that already exists in distressed communities."

Sunshine Enterprises has implemented a successful launch of the Rising Tide Capital Community Business Academy program in Chicago's Woodlawn Neighborhood. As summarized on the Rising Tide Capital website, "The Community Business Academy (CBA) is an intensive course in basic business management and planning, where entrepreneurs gain hands-on familiarity with the fundamental concepts, tools, and skills needed to plan and run a successful business. The Community Business Academy is designed specifically for the start-up entrepreneur with little or no business experience or someone in the process of growing a micro-business."
The program is offered three times annually in ten week sessions to cohorts of up to 20 budding entrepreneurs. Those entrepreneurs who show promise and growth potential receive additional ongoing support beyond the ten weeks. The estimated cost of each ten week cohort is approximately $50,000 depending upon the number of participants. The program has successfully launched in a number of cities with funding support from a variety of sources.

Sunshine Enterprises launched a pilot Evanston-based program on September 26, 2015 serving a cohort of twenty Evanston residents. Sunshine Enterprises has hired Robin Simmons as the local liaison to help identify local entrepreneurs and to coordinate and teach the weekly entrepreneurship curriculum. The classes are taught on Saturday mornings at the Civic Center. The fall 2015 calendar of classes is attached.

Representatives of Sunshine Enterprises will introduce the Sunshine Enterprise and local service provider team to the Economic Development Committee on October 28th. It will also be an opportunity to hear from the participants in the program who will have had a month of training and coaching. In addition, staff would like to recommend discussing with Sunshine Enterprises their need for a funding partnership with the City of Evanston and the potential to use Gibbs Morrison Cultural Center as the headquarters for the program. A co-working component (i.e. shared work space) within an existing small office in Gibbs Morrison could evolve as companies launch from this program and need support space to grow their business.

Subject: Evanston Workforce Development Program Vision for 2016

Date: August 27, 2015

Discussion
Attached is the draft Evanston Workforce Development Program Vision for 2016, summarizing Economic Development and Youth & Young Adult Divisions vision for strengthening Evanston’s workforce development initiatives. Staff is seeking Economic Development Committee member feedback as we further define the programs outlined and potentially seek future funding.

Attachment
Evanston Workforce Development Program Vision for 2016
The City’s Workforce Development Programs and Partnerships are having an impact. Since 2012, summer employment for Evanston youth has increased from 160 jobs per summer to more than 550 jobs in 2015. More than 70 residents have participated in the Building Career Pathways to Sustainable Employment Program and 80% of them have obtained permanent employment. And Northwestern University is on target to meet its goal of hiring 25 residents. Residents have also completed the training requirements for the Curt’s Café, Truck Driver Training and Certification, and the Transportation Construction Apprenticeship Readiness Training Programs. In all more 650 residents are served each year. These programs support the core objective of economic growth by creating synergies across varied workforce development initiatives that are meeting individual and organizational needs.

Moving forward, staff believes that the City’s comprehensive approach to Workforce Development can be strengthened. There are a number of additional initiatives that can increase the City’s number of sector and place-based employer strategies. These initiatives will also enhance the short and long term training programs and create greater customization for individual job seekers and employers.

Funding sources for Evanston Workforce Development, including CDBG, General Fund, and Economic Development Fund should be explored to: 1) support local city businesses and agencies that increase skill and educational attainment for Evanstonians, 2) to find and retain employment, and 3) support local economic growth by helping to close local workforce skills gaps to meet the needs of growing in-demand industries.

Staff is recommending that funding focus on supporting “earn and learn” workforce development models in eight target areas that are based upon the Chicago Cook Workforce Partnership (Partnership) – “Where are the jobs in Cook County?” 2015 Report. These areas would form the foundation of a City of Evanston supported workforce development program. They are: 1) IT 2) Sales, 3) Business & Financial, 4) Healthcare, 5) Office & Administrative, 6) Transportation, 7) Food Service, and 8) Manufacturing.

Earn and learn strategies help employers to address skill shortages by training new workers in job specific skills and protocols while receiving partial reimbursement for employee wages. Employers are able to hire employees based upon fit and attitude, and employees are able to earn a wage as they train. This model benefits the public by investing tax dollars into local businesses and citizens.

According to the Partnership report, in the first quarter of 2015 there were nearly 180,000 job postings in the eight occupational groups. Also, listed among the top 20 Cook County employers were local employers Presence Health, Northwestern University, CVS Caremark, Whole Foods Market Inc., and Northshore University Health System.
To support these trends, staff would like to further explore potential funding and the launching of four new workforce development initiatives that have the potential to strengthen the City’s Workforce Development foundation and advance the work already highlighted above. The proposed initiatives are:

1. Evanston Small Business Workforce Development Program
2. Pre-Apprentice Support
3. Minority-led Entrepreneurship Training and Co-Working
4. Code Evanston

1. **Evanston Small Business Workforce Development Program**
   Evanston-based small businesses of 20 or fewer employees in the Partnership’s eight targeted industry areas are eligible to apply for funding. The applicant would be eligible for one round of funding annually and capped at $15,000. This funding level would support up to five participants per business at $3,000 maximum per trainee. Business owners with multiple businesses or businesses with multiple locations would be eligible for the maximum of $15,000 to be allocated amongst multiple locations. The business is reimbursed once the training participant is placed in a job for at least 90 days. Applicants would propose their own “earn and learn” job training model which provides opportunities for grassroots creative approaches to training.

2. **Evanston Pre-Apprentice Support Program**
   Construction jobs provide low-income adults opportunities to enter the middle class according to the Aspen Institute’s report: A solid foundation: Key Capacities of Construction Pre-Apprenticeship Programs. However, the path to quality construction jobs, including apprenticeships, is often difficult for those unfamiliar with the industry. Construction pre-apprenticeship training programs, which train people for entry-level construction jobs, provide a way for contractors, unions and industry associations to improve the workforce to meet current demand.

   In the Chicagoland labor market, pre-apprenticeship training is the only pathway to union membership for the most marginalized of the labor force – and the greatest opportunity to employ Evanstonians through contractors who are working on large scale projects such as Northwestern University and Chicago/Main. The proposed Evanston Pre-Apprentices Support Program would subsidize the wage of participants as they work in pre-apprentice status earning the skills necessary to become unionized. The City of Evanston would partner with interested trades contractors (i.e. carpentry, flooring, plumbing, etc.) to identify qualifying participants. Staff is in preliminary conversations with Power Construction to further define the program details. Next steps include defining a process for identifying qualified candidates and contractors, and defining the process for determining the level of wage subsidy and the method for distributing wages.
3. Minority-led Entrepreneurship Training and Co-Working

Bloomberg reports; "although minorities represent roughly 27% of the U.S. population, minority-owned outfits represent just 14% of U.S. businesses". Entrepreneurship is a key pathway to economic growth and an alternative route for those who may not be a good fit for job placement in traditional corporate "9 to 5" or small business environments. Staff has identified an entrepreneurship training and coaching program that has the potential to launch Evanston-based startups founded by our targeted population.

Staff is researching a potential partnership with Sunshine Enterprise to launch an Evanston-based program with local Evanston participant program leaders and program participants. Sunshine has implemented a successful launch of the Rising Tide Capital program in Chicago’s Woodlawn Neighborhood. The program “supports women, minorities, immigrants and other traditionally marginalized populations to start and grow successful businesses by investing in the entrepreneurial spirit that already exists in distressed communities.”

In summary, the program is offered three times annually in ten week sessions to cohorts of up to 20 budding entrepreneurs. Those entrepreneurs who show promise and growth potential receive additional ongoing support beyond the ten weeks. Staff proposes Gibbs Morrison Cultural Center be the headquarters for the program. A co-working component (i.e. shared work space) within an existing small office in Gibbs Morrison could evolve as companies launch from this program and need support space to grow their business.

The program is in planning stages and is preliminary scheduled to launch in Evanston at the end of September. Staff proposes returning to Economic Development Committee on October 28th to introduce the Sunshine Enterprise and local service provider team. It will also be an opportunity to hear from the participants in the program who will have had a month of training and coaching. The estimated cost of each ten week cohort is approximately $50,000 depending upon the number of participants. The program has successfully launched in a number of cities with the support of public/private funding agreements.

4. Code Evanston

The media has documented the talent shortage in web / tech fields. A quick google search reveals articles all over the country focused on skill gaps and talent shortages. In a recent Burning Glass International job market analytics report for the period July 1, 2014 – June 30, 2015, there were over 900 job postings for information technology jobs in Evanston. Skills in greatest demand included SQL, JavaScript, Microsoft C#, Microsoft Windows, and .NET Programming.
A number of web development/coding "boot camps" have emerged in recent years to provide intensive training to individuals with varying degrees of experience, or lack thereof. The media often features middle aged career changers who have successfully transitioned to the tech field in addition to young recent college grads who had difficulty finding jobs in traditional industries.

Chicago alone has over 18 boot camps, including several offered by universities, according to switchup.org. Northwestern University offers the Master of Science in Predictive Analytics (MSPA) program. Established in 2011, it is a fully online part-time graduate program, one of the first to offer dedicated training in data science. These programs are generally expensive. Coursereport.com reports the average cost of a web development boot camp is approximately $10,000 for a 10 week course.

Based on the high demand for skills, the low supply of trained individuals and the relative expensive cost of boot camps, staff is exploring an alternative web based training model with periodic "meet up" support group led by a local coding expert, or group of experts.

Staff is in preliminary conversations with Treehouse about a "Code Evanston" initiative designed to prepare recent Evanston high school or college graduates and career changers for job placement in tech fields. Through the economic development fund, the City of Evanston could support a "Code Evanston" initiative by purchasing or subsidizing the cost of web based coding licenses and/or the cost of the local coding expert. Treehouse has proposed donating one license to District 202 for every one purchased through the economic development fund.

The estimated cost of the program is $50,000 to $100,000 depending on the number of students served. Staff will continue to research other programs and determine the demand level for this type of service. Staff will further explore cost sharing partnerships with the Evanston's business community who could directly benefit from the increased talent pool and/or retraining of existing employees.

Conclusion
Evanston has a solid Workforce Development foundation and strong community partners. Northwestern University's role in Evanston workforce development has magnified with its recently announced construction pre-apprenticeship program partnership with the City. As the economy has improved in recent years, storefront vacancies have declined, and new development underway, this is a great opportunity to focus economic development efforts to further strengthen Evanston's workforce through the comprehensive sector and place-based employer approach outlined in this report.

DECLARATION OF QUORUM
Chairman Telser called the meeting to order at 10:35 AM. All Committee members were present.

Minutes of the April 5, 2016, meeting were distributed and approved.

Deputy City Manager Storlie distributed memos she had prepared in response to the Committee's earlier request for data on several topics:

- The annual budget and Full-Time Equivalents (FTEs) for the City Clerk's office from 2001 through 2015.
- Total health insurance expenditures for the City Clerk and City Council members in 2016. This memo also provided the individual and City contributions, on a monthly basis, for each of the four health plans offered to City employees.
- Three tables showing the total annual cost of a) keeping City Council stipends as they are; b) increasing stipends to $20,000; and, c) increasing stipends to $25,000.

In summary –

- The City Clerk's Office's annual budget has averaged about $213,000 over the past 15 years. There has been an upward trend over the past five years. Currently the City Clerk's Office has two FTEs in addition to the Clerk.
- Of the eleven elected officials, eight avail themselves of one of the City's health insurance plans. The average City contribution for coverage of each is about $13,000, a total of approximately $125,000 annually.
- The additional cost to the City of increasing aldermanic stipends to the above-mentioned levels would be about $195,000 or $244,000, respectively.

The City Clerk provided the Committee a detailed list of activities and responsibilities to be carried out by his office.

With all of this information in hand, the Committee's discussion turned to the whether we should recommend for the aldermen a cost-of-living (COLA) increase for the coming year, as has been the case over much of the recent past, or an increase in their stipends to about $20,000. Committee members offered well-considered arguments for each of these two approaches. An increase much larger than a COLA increase would seem to be out of line with standard practices within the City of Evanston, in municipal governments in general, and in the private and not-for-profit sectors. On the other hand, larger increases would provide two advantages: 1) A large increase would better recognize the substantial contributions of our aldermen in
making Evanston a desirable place to live, thus adding to its economic growth and development; and, 2) A large stipend increase could make serving as alderman seem less of an economic burden to anyone considering running for a seat on the City Council.

A suggestion was made that one possible way to increase City Council member stipends would be to offer the health insurance benefit in the form of a “cafeteria of benefits.” Some employers offer such benefits packages. City staff will look into this approach as a possible means of increasing stipends.

The next meeting of the Committee will be on Tuesday, May 3, 2016, at 10:30 AM. These minutes and the agenda will be posted on the City Website at least 48 hours prior to that meeting.

**ADJOURNMENT**

A motion was made and seconded to adjourn the meeting, which was adjourned at 11:55 AM.

Respectfully Submitted,
Alvin Telser, Chair

Subject: Summary of the Salary of the Mayor of the City of Evanston per the Official City Code.

Date: April 28, 2016

Summary:
Currently, the compensation of the Mayor is $18,993.00 per year. The $18,933.00 annual salary is below what the salary should be per the city code because the Mayor has chosen to forego recent salary increases.

The compensation of the Mayor of the City of Evanston is codified in Title I, Chapter 6 of the city code. Specifically, “Section 1-6-10. - COMPENSATION” states that:

The compensation to be paid to the Mayor elected April 2013 and taking office in May 2013 for his/her services per annum is hereby fixed as follows:

(A) May 1, 2013: Nineteen thousand three hundred eighty dollars ($19,380.00).
May 1, 2014: Nineteen thousand seven hundred sixty eight dollars ($19,768.00).
May 1, 2015: Twenty thousand one hundred sixty three dollars ($20,163.00).
May 1, 2016: Twenty thousand five hundred sixty six dollars ($20,566.00).

The Mayor shall also receive medical benefits.

(Ord. No. 107-0-08; Code 1979; Ord. No. 8-0-12, (47-0-11(exh. A, § 1-6-10)), 1-23-2012; Ord. No. 89-O-12, § 1, 9-24-12)

Question #3: Do you have any matters of concern or interest that you would like the committee to be aware of?

- I hope that the committee is aware of the different needs of each ward and how that impacts the amount of time spent weekly.
- The misperceptions in the community that Aldermen have offices and staff to help with the work. Also, the misperception that the Mayor or Aldermen originated the idea of a pay increase.
- As a member of council we are expected to attend many community and fundraising events 3 sometimes 4 a week. I know for a fact that I contribute monetary, more than I am paid on a monthly.
- Important to note that as public servants our work week is not Monday - Friday instead it is Monday thru Sunday. I answered the 1st question in this way Monday thru Sunday = 100% 7 days x 24hrs = 168 x.20=33.6 hours

Subject: Alternate Compensation Model

Date: April 28, 2016

Summary:
At the last meeting of the committee a request was made to explore the possibility of creating an alternate pay plan for the city council similar to a "cafeteria plan."

Staff investigated options for this model of compensation and while it would not be a true "cafeteria plan" it would accomplish a similar effect.

The compensation committee suggested setting the salary of the Alderman at a certain rate and then still offering health insurance as a benefit that would be paid for in full by the alderman at the same rates that are currently charged to the City (full premiums, no discount or percentage paid by the City). This would accomplish the desired effect of the committee which is to equalize the compensation among all aldermen. Currently the total compensation of all alderman varies from approximately $12,735 to $30,572 depending on if health insurance is elected and at what type/level of coverage.

This model could be administratively implemented from a process standpoint, if it were to be the recommendation of the committee and then approved by the city council.
Formal filing of a complaint to the City Board of Ethics

At this time, Monday, March 13, 2017 I, Madelyn Ducre' is transmitting my formal complaint of communication to the City's Board of Ethics, which is scheduled to meet on Tuesday, March 21, 2017. (Attached: William G. Farrar, chief lawyer for the city of Evanston)

I am sending this in response to your article in the Daily Northwestern on Friday, February 10, 2017. "Holmes endorses Simmons in race", plus the attached document from Delores Holmes today at 11:45am of her endorsement of Robin Rue delivery to me via cityofevanston@public.govdelivery.com.

Her use of this media is a violation of the City of Evanston Code of Ethics, CHAPTER 10 - BOARD OF ETHICS Section 1-10-4 (A), (B), (C) 1-3b(2), 7 and 11. Section 1-10-5 (A) 4 and (B) 1

If Robin Rue (Robin Rue-Simmons) was so informed then she have known that her support for an increase in pay for aldermen is a conflict of interest since she would be running for the 5th Ward seat and seeking the endorsement of the 5th Ward Alderman. In addition, she was in the position of personally benefiting from this vote if elected. --
http://www.cityofevanston.org/assets/Compensation%20Committee%20Mtg%20Minutes%205-3-16.pdf

Alderman Holmes voted for the raise and four months later is supporting Robin Rue – Simmons for her seat as Alderman of the 5th Ward

Robin Rue became an employee of Sunshine Enterprises after the approval of the grant for $50,000 and if she knew the Ethic Codes she should have resigned from the Minority, Women and Evanston Business Enterprise Development Committee before the approval of the $75,000.

Her position with the Sunshine Enterprises is a Program Manager. --
http://sunshineenterprises.com/about/

Sunshine Enterprises does not acknowledgment the receipt of funds from the City of Evanston or that it is running a program in Evanston on their website. ....... https://cityofevanston.org/assets/2-R-17%20Grant%20Agreement%20with%20Sunshine%20Enterprises%20-%20signed.pdf --

Robin Rue-Simmons while out on the campaign trail is telling the community that she is an employee of the Sunshine Enterprise. She stated in public after the first approval of the $50,000 she would become an employee of the Sunshine Enterprise.

She is telling the community that Signature Construction Service is a viable company and she is doing work on homes as Signature Construction Service when the State says that this corporation is in Involuntary Dissolution as 03-14-14 Perpetual. She is still acknowledging that Signature Construction Service is a viable corporation however the Secretary of State Office shows this business is in Involuntary Dissolution as of March 2014. https://www.ilsos.gov/corporate/lc/CorporateLlcController

This endorsement for a candidate is unethical.

Dear Ms. Ducre:

Thank you for your communication. I received your letter today and note the issues noted therein. Please allow this email to respond to your letter.

With the consolidated primary election 5 days away, the Law Department is unable to substantively respond to your issues, based upon timing alone. We cannot respond to your concerns prior the February 28th primary election.

Second, this Department cannot offer legal advice to you, or assist you in voting or determining how you wish to express your voting preference. We are ethically precluded from doing so under the Illinois Rules of Professional Conduct and the City's Ethics Code.

Your communication referred to ethical issues that you believe may exist relative to certain individuals. However, to properly transmit your concerns to the City's Board of Ethics, we will need greater specificity from you in writing and for you to undertake the formal process of filing an ethics complaint. We stand ready to assist you in this if you choose to take additional steps on filing a formal complaint that can be transmitted to the Board. The Board's next scheduled meeting is March 21st. I am copying Deputy City Attorney Michelle Masoncup on this communication as she is the staff lead to the Board, and can assist you going forward.

Best,

Grant

MEETING MINUTES
BOARD OF ETHICS
Tuesday, June 21, 2016
7:00 p.m.
Lorraine H. Morton Civic Center
2100 Ridge Ave, Room 2403

Members Present: Mark Sheldon, Kelda Harris-Harty and Jennifer Billingsley

Members Absent: Rhonda Stuart

Staff Present: Mario Treto, Jr., Staff Attorney

Presiding Member: Mark Sheldon, Committee Chair

Guests Present: None

DECLARATION OF QUORUM

Chairman, M. Sheldon declared that the Board had a quorum, with a majority of the members present and called the meeting to order at 7:05 p.m.

UNFINISHED BUSINESS

(A) Financial Disclosure Statements: The members reviewed the remaining disclosure statements from various City board and commission members and City staff members for the new 2016 statements.

NEW BUSINESS

(A) Review Code of Ethics Complaint 16-BOE-0001: M. Treto reported that the City’s Law Department received an Ethics Violation Complaint from the Complainant, Nathaniel M. Cook. The Complaint was distributed to the entire Board for review prior to the meeting. The Members discussed the process for assessing a complaint in the initial stages pursuant to Section 1-10-8 of the City Code. The Members reviewed the facts of the Complaint and assessed whether there is an ethical issue at hand.

M. Sheldon made a motion and was seconded by K. Harris-Harty to dismiss the Complaint for lack of jurisdiction. M. Treto commented that he would send notice to the Complainant per City Code.

ADJOURNMENT

Upon motion and second, the meeting was adjourned at 7:48 p.m..
