From the Library Director

In 2012, the Evanston Public Library (EPL) continued to establish our role as the important “third place” — after home and work or school — in our community. Built upon a history of service excellence, the EPL has enhanced library programs, services and resources to attract more patrons of all ages and from a variety of backgrounds.

Here are just a few highlights that I’d like to share:

• We expanded teen programming in 2012 by 153%, welcoming almost 4,000 teens to programs ranging from FUSE science training to crafts to book discussions and teen theater.

• Over 100 readers enjoyed The Complete Stories of Flannery O’Connor in our popular and engaging Mission Impossible adult book discussion program.

• We hired a new Latino Outreach Coordinator and expanded programming for our growing Latino community.

• With a focus on creating safe learning spaces, we worked with the Evanston Public Library Friends at The Mighty Twig to open the Chicago Avenue/Main Street neighborhood library in early 2013.

Our wonderful staff continues to develop innovative programming and new opportunities for learning and community-building.

Check out all that we offer by visiting our online Events Calendar at epl.org. Let us know what you like and how we can improve our service to you and your family.

Thank you for your continued interest and support!
