1.0 INTRODUCTION

The City is seeking proposals for the purpose of entering into a long-term lease of the buildings known as the Harley Clarke Mansion located at 2603 Sheridan Road, Evanston, Illinois. The site is designated as an Evanston Landmark and contains an approximately 20,275 square foot (including conservatory) 3 story brick structure plus a basement with a 4,383 square foot coach house (including greenhouse) with two apartments and a 3 car garage. The property includes a Jens Jensen Garden and is zoned OS – Open Space. Permitted and special uses of the OS District are contained in the Evanston Zoning Ordinance.

The City of Evanston is not offering the land occupied by these buildings for sale, however proposals should include a plan to protect and maintain the Jens Jensen Garden.

The intent of this Request for Proposal (RFP) is to identify a qualified, non-profit organization to renovate and use the existing structures. The selected lessee must have the necessary financial capabilities to complete this project in a timely manner.

Respondents are required to:

● Submit information about the organization interested in the property;
● Clearly state intention for the property, i.e., specific use; and
● State the monetary monthly payment the entity is willing to pay to lease the space along with the anticipated term of lease agreement.

If an interested party is selected to lease the building(s), it is the expectation of the City that the lessee would enter into a long term lease and would be required to invest in a substantial renovation of the property as part of the lease agreement.

Contact with City personnel (including appointed or elected officials) in connection with this RFP shall not be made other than as specified in this RFP. Unauthorized contact with any City personnel (including appointed or elected officials) may be cause for rejection of a proposal.

Prior to the submittal of a proposal, Proposers are advised to carefully examine

● the contract documents
● project scope and work tasks to be accomplished
● specifications
● submittal requirements
● insurance requirements and required documentation
Proposers are advised to become thoroughly familiar with all conditions, instructions and specifications governing this RFP. Proposals shall be made in accordance with these instructions. Proposals shall be submitted on the forms provided by the City.

The City will not be liable in any way for any costs incurred by respondents in replying to this Request for Proposal.

2.0 SCOPE OF SERVICES

The City of Evanston is seeking proposals from a non-profit organization to enter into a long term lease for the property located at 2603 Sheridan Road, Evanston, Illinois. The lessee would be required to invest in a substantial renovation of the property as part of the lease agreement.

The lessee would be asked to:
- Create a high quality public use for the space, consistent with the 2008 Lakefront Master Plan;
- Retain and protect the historic character of the buildings;
- Address any potential parking issues; and
- Accommodate existing public space and recreation area to ensure that the community retains access to recreation opportunities and is consistent with OS zoning.

The Evanston City Council approved the issuance of this RFP on July 24, 2017 with the condition that the entirety of the property continues to be owned by the City of Evanston. The City Council will not approve inclusion of a full service restaurant at this location, although a light-fare café would be acceptable. Additionally, for-profit uses are prohibited.

As stated, only the buildings set forth in this RFP (together with the adjacent Jens Jensen Gardens) are for consideration for lease and no other land, buildings or surrounding area will be considered including the fog houses, lighthouse landing complex or other structures. Proposals should include a plan to protect and maintain the Jens Jensen Gardens. Proposers may partner with another non-profit organization to maintain the Gardens. The land under the Mansion will remain, in its entirety, fully owned by the City of Evanston.

Various engineering, structural, environmental and other assessment reports have been compiled in the past on this property. These and other additional information, including the legislative history of the property are available on the City’s website at www.cityofevanston.org/harleyclarke.

A. Confidentiality

In connection with this Agreement, City may provide Proposer with information to enable Proposer to render the Services hereunder, or Proposer may develop confidential information for City. Proposer agrees (i) to treat, and to obligate Proposer’s employees to treat, as secret and confidential all such information whether or not identified by City as confidential, (ii) not to disclose any such information or make available any reports, recommendations and/or conclusions which Proposer may make for City to any person, organization or corporation or use the same in any manner whatsoever without first obtaining City’s written approval, and (iii) not to disclose to City any information obtained by Proposer on a confidential basis from any third party unless Proposer shall have first received written permission from such third party to disclose such information.

Pursuant to the Illinois Freedom of Information Act, 5 ILCS 140/7(2), records in the possession of others whom the City has contracted with to perform a governmental function are covered by the Act and subject to disclosure within limited statutory timeframes (five (5) working days with a possible five (5) working day extension). Upon notification from the City that it has received a Freedom of Information Act request that calls for records within the Proposer’s control, the Proposer shall promptly provide all requested records to the City so that the City may comply with the request within the required timeframe. The City and the Proposer shall cooperate to determine what records are subject to such a request and whether or not any exemptions to the disclosure of such records, or part thereof, is applicable.

The Purchasing Specialist will endeavor to advise the organization of any request for the disclosure of the material so marked with “TRADE SECRET”, “CONFIDENTIAL”, or “PROPRIETARY”, and give the organization or other submitting party the opportunity to seek a court order to protect such materials from disclosure. If the requested material was submitted by a party other than the organization, then the organization shall be solely responsible for notifying the submitting party of the request. The City’s sole responsibility is to notify the organization of the request for disclosure, and the City shall not be liable for any damages resulting out of such disclosure, whether such disclosure is deemed required by law, by an order of court or administrative agency, or occurs through inadvertence, mistake, negligence on the part of the City or its officers, or employees.

B. Withdrawal of Proposal

Proposals may be withdrawn prior to the submittal deadline. Withdrawal may be attained by written request; however, no offer can be withdrawn within the ninety (90) day period which occurs after the time is set for closing. Proposers who withdraw their proposals prior to the designated date and time may still submit another proposal if done in accordance with the proper time frame.

C. Exceptions to Specifications
Exceptions to these specifications shall be listed and explained on a separate page titled “Exceptions to Specifications”, which shall be prepared by the Proposer. This page shall then be attached to these documents and submitted at the same time as the proposal. Each exception must refer to the page number and paragraph to which it is relevant. The nature and reasoning of each exception shall be explained in its entirety. Any exceptions to these specifications may be cause for rejection of the proposal.

D. Hold Harmless
The Proposer agrees to hold harmless the City of Evanston and all of its agents, servants, and employees against any and all lawsuits, claims, demands, liabilities, losses, and/or expenses; including court costs and attorneys’ fees on account of injury to any person, or any death resulting from such injury, or any damage to property which may have arisen from work specifically related to the contract and/or project.

Each respondent should acknowledge receipt of any addenda by indicating same in their proposal submission. Each respondent acknowledging receipt of any addenda is responsible for the contents of the addenda and any changes to the proposal therein. Addenda information is available over the internet at https://www.cityofevanston.org/business/bids-proposals or www.demandstar.com, or by contacting the Purchasing Office, 847-866-2935.

F. Term
The term of the lease may be negotiated, but the City is seeking a long-term lease agreement.

G. Property of the City
The subject property shall be retained by the City of Evanston, and will only be leased to the chosen organization.

H. Disclosures and Potential Conflicts of Interest
The City of Evanston’s Code of Ethics prohibits public officials or employees from performing or participating in an official act or action with regard to a transaction in which he has or knows he will thereafter acquire an interest for profit, without full public disclosure of such interest. This disclosure requirement extends to the spouse, children and grandchildren, and their spouses, parents and the parents of a spouse, and brothers and sisters and their spouses.

To ensure full and fair consideration of all proposals, the City of Evanston requires all Proposers including owners or employees to investigate whether a potential or actual conflict of interest exists between the Proposer and the City of Evanston, its officials, and/or employees. If the Proposer discovers a potential or actual conflict of interest, the Proposer must disclose the conflict of interest in its proposal, identifying the name of the City of Evanston official or employee with whom the conflict may exist, the nature of the
conflict of interest, and any other relevant information. The existence of a potential or actual conflict of interest does NOT, on its own, disqualify the disclosing Proposer from consideration. Information provided by Proposers in this regard will allow the City of Evanston to take appropriate measures to ensure the fairness of the proposal process.

The City requires all Proposers to submit a certification, enclosed with this RFP, that the Proposer has conducted the appropriate investigation and disclosed all potential or actual conflicts of interest.

I. Protests
Any actual or prospective Proposer, who is aggrieved in connection with the solicitation or award of a contract, may protest to the Purchasing Office. The protest shall be submitted in writing within ten (10) calendar days after such aggrieved person knows or should have known of the facts giving rise thereto.

▪ The Proposer shall submit any protests or claims regarding this solicitation to the Purchasing Office.
▪ A pre-bid protest must be filed five (5) days before the bid opening or proposal submittal.
▪ A pre-award protest must be filed no later than ten (10) days after the bid opening date or proposal deadline.
▪ A post-award protest must be filed no later than ten (10) days after the award of the Contract.

All claims by a Proposer against the City relating to a contract shall be submitted in writing to the Purchasing Specialist. The City will only consider protests that are properly and timely submitted.

All protests or claims must set forth the name and address of the protester, the contract number, the grounds for the protest or claim, and the course of action that the protesting party desires the Purchasing Specialist to take. Statements shall be sworn and submitted under penalty of perjury.

J. Authority To Resolve Protests And Contract Claims
Protests: The Purchasing Specialist shall have the authority to consider and resolve a protest of an aggrieved Proposer, actual or prospective, concerning the solicitation or award of a contract. The City shall issue a written decision and that decision is final.

Contract Claims: The Purchasing Specialist, after consulting with Corporation Counsel, shall have the authority to resolve contract claims, subject to the approval of the City Manager or City Council, as applicable, regarding any settlement that will result in a change order or contract modification.

Each Proposer, by submitting a response to this RFP, expressly recognizes the limitations on its rights to protest provided in this Section and expressly waives all other rights and remedies and agrees that the decision on the protest is final and conclusive. If
a Proposer disregards, disputes or does not follow the exclusive protest remedies provided in this Section, it shall indemnify and hold the City and its officers, employees, agents and consultants harmless from and against all liabilities, fees and costs, including legal and consultant fees and costs, and damages incurred or suffered as a result of such Proposer’s actions. Each Proposer, by submitting a response to this RFP, shall be deemed to have irrevocably and unconditionally agreed to this indemnity obligation.

K. Litigation
For purposes of this Section, the following terms are defined as follows:

“issue” means any prior or pending litigation or investigation, either civil or criminal, or any governmental agency action or proceeding (the “issue”), which may affect the performance of the services to be rendered herein. For purposes of this Section, an “issue” shall also include any criminal, civil, or administrative penalty or finding imposed against any covered individual. An issue occurring within seven (7) years of the date preceding the date of the Proposer’s response shall be disclosed by the Proposer.

“covered individual” means any principal, president, managing partner, or vice-president, affiliated in anyway with the Organization, and the Organization’s employees or subcontractors.

All proposers shall identify and describe with particularity any issue. The City, and not Proposer, has the sole discretion to determine whether an issue may affect the performance of the services. Failure of any Proposer to comply with this mandatory obligation shall, at the City’s sole discretion, result in the Proposer’s response being deemed non-responsive and not responsible. Failure of any Proposer to comply with the obligation specified herein may result in the voiding any subsequent contract award to Proposer if the City discovers upon the exercise of its customary due diligence that Proposer failed to comply with the mandatory obligation in this Section. The City reserves all rights to take any other actions in the case of a Proposer’s non-compliance with this Section.

L. Subcontractors
If any organization submitting a proposal intends on subleasing out all or any portion of the engagement, that fact, and the name of the proposed subcontracting organization(s) must be clearly disclosed in the proposal. Following the award of the contract, no additional subleasing will be allowed without the prior written consent of the City of Evanston.

M. Contact with City Personnel
All Proposers are prohibited from making any contact with the City Manager, City Council, or any other elected or appointed official or employee of the City with regard to the Project, other than in the manner and to the person(s) designated herein. The
Purchasing Specialist reserves the right to disqualify any Proposer found to have contacted City Personnel in any manner with regard to the Project. Additionally, if it is determined that the contact with City Personnel was in violation of any provision of 720 ILCS 5/33EE, the matter may be referred to the Cook County State’s Attorney for review and prosecution.

N. Costs Incurred
The City of Evanston assumes no responsibility or liability for costs incurred by the Proposer prior to the execution of a contract. This includes costs incurred by the Proposer as a result of preparing a response to this RFP.

CITY OF EVANSTON M/W/EBE POLICY

A City of Evanston goal is to provide contracting and subcontracting opportunities to Minority Business Enterprises, Women Business Enterprises, and Evanston Business Enterprises. The goal of the Minority, Women and Evanston Business Enterprise Program (M/W/EBE) is to assist such businesses with opportunities to grow. To assist such growth, the City’s goal is to have general contractors utilize M/W/EBEs to perform no less than 25% of the awarded contract.

Organizations bidding on projects with the City must work to meet the 25% goal or request a waiver from participation. It is advised that bidders place advertisements requesting subcontractors and that they email or contact individual organizations that would be appropriate to partner in response to the project. For samples of possible advertisements, see the City of Evanston’s Business Diversity Section http://www.cityofevanston.org/business/business-diversity/ (Sample Advertisement ). If you request a paper copy of the additional documents, it will be available free of charge from the Purchasing Office, 2100 Ridge Road Suite 4200, Evanston, IL 60201.

If a bidder is unable to meet the required M/W/EBE goal, the Bidder must seek a waiver or modification of the goal on the attached forms. Bidder must include:

1. A narrative describing the Bidder’s efforts to secure M/W/EBE participation prior to the bid opening.
2. Documentation of each of the assist agencies that were contacted, the date and individual who was contacted, and the result of the conversation (see form)
3. A letter attesting to instances where the bidder has not received inquiries/proposals from qualified M/W/EBEs
4. Names of owners, addresses, telephone numbers, date and time and method of contact of qualified M/W/EBE who submitted a proposal but were not found acceptable.
5. Names of owners, addresses, telephone numbers, date and time of contact of at least 15 qualified M/W/EBEs the bidder solicited for proposals for work directly related to the Bid prior to the bid opening (copies must be attached).

If a bidder is selected with a Subcontractor listed to meet the M/W/EBE goal, a “monthly utilization report” will be due to the City prior to each payment being issued to the Contractor. This report will include documentation of the name of the organization hired, the type of work that organization performed, etc. Should the M/W/EBE not be paid according to the schedule proposed in this document, the City reserves the right to cancel the contract. Examples of this monthly form can be found on the City’s website: http://www.cityofevanston.org/business/business-diversity/ (MWEBE Monthly Utilization Report).

CITY OF EVANSTON
THE ORIGINAL PLANS

The original plans for the Harley Clarke Estate, completed by Richard Powers in 1926, and those for the Estate grounds, completed by Jens Jensen in 1928, were obtained and used as reference materials in developing the plans and recommendations. No plans for the Lighthouse compex or the Nature Center building were obtainable from the U. S. Coast Guard.

The Jensen plans, discovered in the archives of the University of Michigan Library, are the originals, and represent a unique opportunity to identify both the palette of materials used by Jensen and his design concepts. The Jensen plans consist of two drawings - a planting plan (see Figure A-1) and a watering system plan. (See Figure A-2). The Powers plans are blueprints, also found in the Archives of the University of Michigan Libraries. They consist of two drawings - a working plot plan (see Figure A-3) and a preliminary ground plan. (See Figure A-4).

The Jensen plans provide numerous valuable insights. Chief among these is the palette of plant materials he prescribed for the site. It is important to recall something of Jensen's working manner in reviewing this listing. Although he specifies a long listing of plants for use in different areas, it is not likely that he would actually use each of these. In normal procedure, he would direct and selection placement on the site, and thus use some and not others. The chief value of the listing is that the plants on the list are compatible, and can be used as a shopping list for today's replacement. Unfortunately, some of the native varieties he specifies are not readily available today.

Several elements of Jensen's overall design should be noted. The great lawn, in front of the house, places the home far back in a canopied setting, with the softer understory providing a filtering screen. Attention is focused on the entry. The plantings around the great house screen it from view, and totally screen the auto parking area. The entry drive is flanked by elms, with an understory of dogwoods and native shrubs.

The rear yard lawns are totally private spaces, as typified by the cover of this report. Filtered views of the lake are provided from each of the main windows of the home. Access down to the beach is channeled along stepped pathways, while the dense rose hedge prevents casual access.
Jensen highlighted the conservatory area as flowering area, constructing a natrualistic outcropping of limestone and a naturally shaped pool. He left only a narrow access path, such as you'd find in the wild at the base of a ledge. It was a private space. It is also the only space where Jensen specifically located each of the 19 varieties of flowers in a precise manner, indicating the high value he placed on the feature.

His council ring, or campfire is placed in a shrubby mass overlooking the lake and the beach. His rings were usually inward-looking, contemplative spaces - this one appears a little different, though still in that vein. Here he has provided filtered images of the lake - visual and audial, but by placing the ring in a circuit of choke cherry has ensured that few outside distractions are noticed.

It should be noted that lawn and turf were used by Jensen as casual pathways and as meadow floor. He allowed the native varieties of ground cover to take over in many portions of the site, however. These areas required little or no maintenance. Note that he also specified a palette of perennials to serve as a border between the lawn and native areas.
