Receptacles. Every habitable space in a dwelling shall contain at least two separate and remote receptacle outlets. Every laundry area shall contain at least one type receptacle or a receptacle with a ground fault circuit interrupter. Every bathroom shall contain at least one receptacle. Any new bathroom or laundry room outlet shall have ground fault circuit interrupter protection. When an ungrounded-type receptacle exists in a bathroom or laundry area, a ground fault interrupter shall be provided. Any existing worn, damaged, painted and/or defective receptacles shall be replaced.

---

**Docket for 5/24/2018, 01:00 PM**  
**Judge: Brunner, Susan**
