AGENDA

I. CALL TO ORDER/DECLARATION OF QUORUM, JOHANNA LEONARD, CHAIR

II. APPROVAL OF MINUTES: June 13, 2018, DAPR Committee meeting

III. NEW BUSINESS

1. **818 Lake Street** Preliminary and Final Review
   Charles Davidson, project manager, submits for post-permit revisions for interior and exterior remodeling for a co-working space in the C2 Commercial District.

2. **1101 Howard Street** Preliminary and Final Review
   Dean Maggos, architect, submits for building permit for interior and exterior modifications to an existing office building in the C1 Commercial District.

3. **1919 Church Street** Preliminary and Final Review
   ComEd, property owner, submits for a mural on the east side of the utility fire wall in the B2 Business District and the oWE West Evanston Overlay District.

4. **1033-1035 Davis Street** Sign Variation
   George Radaios, One River School of Art + Design, owner, submits for a sign variation to install 4 5'x3'-8" non-illuminated window signs mounted on an existing storefront, covering 60% of each vertical window pane where 25% is the maximum amount permitted, in the D2 Downtown Retail Core District.

5. **1623 Simpson Street** Concept Review
   Joe Kirsch, architect, submits for exterior modifications and facade improvements in the B1 Business District.

6. **1901-1903 Church Street & 1700-1708 Dodge Avenue** Concept Review
   Joe Kirsch, architect, submits for exterior modifications and facade improvements in the B2 Business District and the oWE West Evanston Overlay District.

IV. ADJOURNMENT

The next DAPR meeting is scheduled for Wednesday, June 27, 2018, at 2:30 pm in Room 2404 of the Lorraine H. Morton Civic Center.
DESIGN AND PROJECT REVIEW COMMITTEE (DAPR) MINUTES
June 13, 2018

Staff Present: J. Velan, P. Martinez

Others Present:

Presiding Member: J. Leonard

A quorum being present, Ms. Leonard called the meeting to order at 2:31 pm.

Approval of Minutes

May 30, 2018, and June 6, 2018, DAPR committee meeting minutes.

Mr. Nelson made a motion to approve the minutes from May 30, 2018 and June 6, 2018, seconded by Ms. Hyink.

The Committee voted, 6-0, with one abstention, to approve the minutes of May 30, 2018.

The Committee voted, 7-0, to approve the minutes of June 6, 2018.

Mr. Griffith was not present for the vote.

New Business

1. 1459-1463 Elmwood Avenue Preliminary and Final Review
Jeffrey Kaye, applicant, submits for construction of a 1-story addition to an existing commercial building to include new entrance area, one dwelling unit and a 2-car attached garage in the D1 Downtown Fringe District. Major variation granted in 2015 for a 0' rear yard setback where 10' is required.

APPLICATION PRESENTED BY: Jeffrey Kaye, applicant

DISCUSSION:
- Intent is to keep current tenant, Meez Meals.
- Previous plan included 2nd floor, not included with the current plan being reviewed.
- Mr. Mangum stated concern with accessing garage spaces, and with trash enclosures in the front. He stated the preference is not to locate the trash enclosures in the front.
- Mr. Kaye stated the building has been reduced in size, trash enclosures are for both Meez Meals and the studio apartment.
- Ms. Leonard asked if all of the parking spaces are being used.
- Mr. Kaye stated Meez Meals uses all of the front parking spaces.
- Mr. Gerdes asked if the garage spaces are angled for maneuverability. Suggested double loaded spaces. Noted there is not the radius to back straight out due to enclosure.
- Mr. Kaye stated the garage door could be widened.
- Mr. Mangum stated the parking requirement has been reduced.
- Mr. Kaye stated the future plan is to construct a 2nd floor, the parking will be needed.
- Mr. Gerdes asked to break up the brick wall with windows, openings.
- Mr. Nelson asked if the water service will increase? Will need to verify, currently there are 3 services to remain, with a second floor may need to increase service.
- Mr. Gerdes stated future water fixture count should be verified.
- Ms. Leonard suggested reconfiguring the parking, moving the driveway north, reduce pavement to add green space, and look at tree health.
- Mr. Mangum stated the required parking count will be verified.
- Mr. Kaye stated adding green space is not an option due to environmental requirements, the site is required to be covered.

Item held in Committee in order for the applicant to return with revised plans to address staff comments.

---

Adjournment

Ms. Hyink moved to adjourn, seconded by Mr. Mangum. The Committee voted unanimously, 7-0, to adjourn. Meeting adjourned at 2:50 pm.

The next DAPR meeting is scheduled for Wednesday, June 27, 2018, at 2:30 pm in Room 2404 of the Lorraine H. Morton Civic Center.

Respectfully submitted,
Michael Griffith

Mural Design

This is a rough design based on the discussions and drawings held with a focus group on May 9th.

The purpose of the design is to empower and heal our community.

The students proposed to paint a female figure with nature incorporated somehow to give the idea that we are Nature and that everything that is in the universe is within us.

The painting is representing the female energy as creators of life, as Mother Nature. Her chest will have flowers coming out. Handmade tiles in circle shapes made by the community will come out in a spiral shape guiding them to her hand where a hummingbird with a heart shape will be speaking to her.

The whole mural will be divided in four to represent the four elements.

Mirrors will be incorporated to outline the painting and make it pop out, but most importantly, so the community reflect themselves and do an introspection when we see themselves as part of the mural.

ComEd and Y.O.U. logos will be added on the bottom right with all the credits and the participants of the mural.

A detailed sketch will be provided after signing a contract with the artist.
96-O-16

AN ORDINANCE

Granting a Special Use Permit and Major Variations to Replace Electrical Equipment Located at 1919 Church Street in the B2 Business District and the oWE West Evanston Overlay District

WHEREAS, the Zoning Board of Appeals (“ZBA”) met on July 5, 2016, pursuant to proper notice, to consider case no. 15ZMJV-0114, an application filed by Robert Edelman, contractor for the property legally described in Exhibit A, attached hereto and incorporated herein by reference, commonly known as 1919 Church Street (the “Subject Property”) and located in the B2 Business District and the oWE West Evanston Overlay District, for a Special Use Permit and a Major Variation to replace, pursuant to Subsections 6-9-3-3 of the Evanston City Code, 2012, as amended (“the Zoning Ordinance”), electrical equipment on the Subject Property; and

WHEREAS, the Applicant requests the following Major Variation:

(A) The Applicant requests to replace existing utility equipment with a distribution center in a box (“DC in a Box”) utility equipment screened from the right-of-way by landscaping where screening by both landscaping and a solid fence is required;

(B) The Applicant requests to landscape to screen open parking form the right-of-way along Brown Avenue where landscaping and a three (3) to four (4) foot steel or polyvinyl chloride (“PVC”) picket fence is required to screen open parking form the right-of-way along Brown Avenue;
(C) The Applicant requests a continuous hedge with plantings forty-eight (48) inches on center where a continuous hedge with plantings spaced thirty-six (36) inches on center is required; and

WHEREAS, the ZBA, after hearing testimony and receiving other evidence, made a written record and written findings that the application for a Special Use Permit and a Major Variation met the standards for Special Uses in Section 6-3-5-10 and 6-3-8-12 of the Zoning Ordinance and recommended City Council approval thereof; and

WHEREAS, at its meeting of July 25, 2016, the Planning and Development Committee of the City Council ("P&D Committee") considered the ZBA's record and findings and recommended the City Council accept the submitted site plans and approve the application in case no. 15ZMJV-0114; and

WHEREAS, at its meeting of July 25, 2016, the City Council considered the submitted application and adopted the respective records, findings, and recommendations of the ZBA and P&D Committee, as amended,

NOW, THEREFORE, BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF EVANSTON, COOK COUNTY, ILLINOIS, THAT:

SECTION 1: The foregoing recitals are found as fact and incorporated herein by reference.

SECTION 2: The City Council hereby adopts the P&D Committee's records, findings, and recommendations, and hereby approves, pursuant to Subsection 6-3-8-10(D) of the Zoning Ordinance, the Special Use Permit for a Public Utility and the Major Variations on the Subject Property applied for in case no. 15ZMJV-0114 and described hereinabove.
SECTION 3: The Major Variation approved hereby is as follows:

(A) Approval to replace existing utility equipment with DC in a Box utility equipment screened from the right-of-way by landscaping. Subsection 6-15-15(XXI)(C)(1) requires screening by landscaping and a solid fence for the installation of utility equipment on the Subject Property.

(B) Approval to permit only landscaping to screen open parking from the right-of-way along Brown Avenue. Subsection 6-15-15(XVIII)(B)(5) requires landscaping and a three (3) to four (4) foot steel or PVC picket fence to screen open parking from the right-of-way along Brown Avenue on the Subject Property.

(C) Approval to permit a continuous hedge with plantings spaces forty-eight (48) inches on center. Subsection 6-15-15(XXI)(C)(2) requires a continuous hedge with plantings spaces thirty-six (36) inches on center on the Subject Property.

SECTION 3: Pursuant to Subsection 6-3-5-12 and 6-3-8-14 of the Zoning Ordinance, the City Council hereby imposes the following conditions on the Applicant’s Special Use Permit and Major Variation, violation of any of which shall constitute grounds for penalties or revocation of said Permit pursuant to Subsections 6-3-10-5 and 6-3-10-6 of the Zoning Ordinance:

A. **Compliance with Applicable Requirements:** The Applicant must develop and use the Subject Property in substantial compliance with: all applicable legislation; the Applicant’s testimony and representations to the ZBA, the P&D Committee, and the City Council; the General Site Plan in Exhibit B, attached hereto and incorporated herein by reference; and the approved plans and documents on file in this case.

B. **Recordation:** Before it may operate the Special Use authorized by the terms of this ordinance, the Applicant must record, at its cost, a certified copy of this ordinance with the Cook County Recorder of Deeds.

SECTION 4: When necessary to effectuate the terms, conditions, and purposes of this ordinance, “Applicant” shall be read as “Applicant’s agents, assigns, and successors in interest.”

SECTION 5: This ordinance shall be in full force and effect from and after its passage, approval, and publication in the manner provided by law.
SECTION 6: All ordinances or parts of ordinances in conflict herewith are hereby repealed.

SECTION 7: If any provision of this ordinance or application thereof to any person or circumstance is ruled unconstitutional or otherwise invalid, such invalidity shall not affect other provisions or applications of this ordinance that can be given effect without the invalid application or provision, and each invalid provision or invalid application of this ordinance is severable.

SECTION 8: The findings and recitals contained herein are declared to be prima facie evidence of the law of the City and shall be received in evidence as provided by the Illinois Compiled Statutes and the courts of the State of Illinois.

Approved: **August 2**, 2016

Design and Project Review (DAPR)

1033-1035 Davis St.

Sign Variation
Memorandum

To: Chair and Members of the Design and Project Review Committee

From: Ana Asilis, Commercial Plan Reviewer

Subject: Sign Variance – 18SGNA-0045
1033-1035 Davis St–Window Sign

Date: June 12, 2018

Request
The applicant is requesting one (1) variance(s) for the following:

- (4) 5'-0" high by 3'-8" wide non-illuminated, WINDOW signs mounted on an existing storefront taking up 60% of each vertical window pane where the sign surface area of permanent window signs shall not exceed 25% of that window area.

General Information

Applicant: One River School of Art + Design
Fast Signs of Skokie
3437 Dempster Street,
Skokie, IL 60076

Owner: George Radaios
4036 Miller Street

Analysis

Project Description
The applicant proposes the installation of (4) 5'-0" high by 3'-8" wide non-illuminated, WINDOW signs mounted on an existing storefront. The applicant proposes window roller shades on the interior of the windows. Each window shade is 18 sf and each vertical window pane is 30 sf. The window sign location and installation are compliant. However, each window shade takes up 60% of each vertical window pane where the sign surface area of permanent window signs shall not exceed 25% of that window area.
The variance is being requested for décor and security to protect the applicant’s assets. The applicant is housing a large amount of expensive equipment in one room of the space. The tenant space is served by (20) total windows and there is no other room in the space that would provide less exposure to the public. The applicant is requesting a variance to cover the bottom portion of only (4) windows on the Oak Street side.

The applicant indicated the window shades are not intended to be drawn 100% of the time. The graphics and lettering are to be permanently applied on the roller shade and have minimal messaging and tenant identification. The graphics are intended to highlight the mission, goods and services provided by the tenant to the community. The proposed sign graphic design is consistent with the branding message for One River School of Art + Design.

The applicant claims that the ability to conceal the equipment will add extra security measures for the tenant’s assets. If the equipment is not concealed, the tenant would experience excessive loss if the property is burglarized. The owner has consented to the installation of the proposed signage.

**Recommendation**

Staff recommends approval of the variance request. The aesthetic principles of the sign ordinance are not affected. It would not be detrimental to the public welfare or adjacent properties or improvements.

VARIATION STANDARDS

Variations shall only be approved to overcome an exceptional condition which poses practical difficulty or particular hardship in such a way as to prevent the display of a sign as intended by the ordinance. Note in all six (6) areas how you meet the particular standard. No variation shall be granted unless the Committee finds that the petition meets each of the following standards:

1. **Unique Hardship** - The proposed variation will not merely serve as a convenience to the applicant, but will alleviate some demonstrable and unusual hardship which would result if the strict letter of the regulations were carried out and which is not generally applicable to other property within the City.

   The tenant is housing a large amount of expensive equipment in one room of the space. They do not want the equipment to be visible to the public for security reasons. The tenant is requesting that they receive a variance to cover only the bottom portion of only (4) windows located on the Oak Side.

2. **Reasonable Return** - The property in question cannot yield a reasonable return if permitted to be used only under the conditions allowed by the sign regulations.

   Should the property be burglarized because the equipment cannot be concealed, the tenant will experience excessive loss would impede on the businesses profitability. The ability to conceal the equipment will add extra security measures for the tenant’s assets.

3. **Not Self Created** - The alleged hardship has not been created by the petitioner or any person presently having a proprietary interest in the premises.

   The windows of the property, and these 4 windows specifically, are consistent in size and shape with the rest of the windows in the building. The tenant’s overall space has 20 of the same windows style windows. There is not another room in the space that would not provide less exposure to the public.

6/16/2017
4. **Not harm Public Welfare** - The proposed variation will not be materially detrimental to the public welfare or injurious to other property or improvements in the neighborhood. The proposed variation will not be itself, or with other signs, contribute to the creation of visual distraction which may lead to personal injury or a substantial reduction in the value of property.

The proposed graphic design is clean, simple and consistent with the branding message for OneRiver School of Art + Design. It is not confusing or distracting and does not pose any dangerous conditions to the public as either window roller shades or perforated vinyl, whichever the boards approves, will be on the interior of the windows.

5. **Graphic Effectiveness Demonstrated** - The petitioner has demonstrated that all reasonable efforts (utilizing color, contrast, lettering legibility, illumination, and graphic composition) have been made to increase the reading effectiveness of the proposed sign within the normal requirements of the sign regulations.

The proposed window graphics have minimal messaging and do not have additional excessive tenant identification. The graphics are only intended to clearly and efficiently highlight the mission, goods, and services that the tenant is providing to the community.

6. **Consistent With Intent** - The proposed variation is in harmony with the intent, purpose, and objectives of the sign regulations.

The purpose of this variance. The design is to help people find what they need without difficulty or confusion, while protecting the assets of the tenant and adding security.
OneRiver has a total of 20 windows of which they are asking to install four window shades.

Each shade takes up 60% of each vertical window pane.

Each vertical window pane is 30 sq/ft; each window shade is 18 sq/ft.

Shades are not intended to be drawn 100% of the time.

Shades are for decor and security.
