Why Private Lessons?

Why Consider Private Lessons?

Private lessons are designed to help skaters of all ages and skill levels. Working with a coach will help skaters develop their skills and progress more quickly through the necessary Learn to Skate classes.

Sometimes just one or two skills can prevent a skater from passing a level for several sessions. A few private lessons with concentrated effort on those particular skills may help the skater pass.

Keep in mind that these lessons are not a substitute for the Learn to Skate classes but a supplemental support for progression.

How to Get Started

Complete and return the Private Lesson Request form which is included or available at the Robert Crown Community Center and online at cityofevanston.org/crown. A coach will be selected to best suit skaters' needs and availability.

If you have a particular coach in mind, please request him or her by listing their name on the form. All private figure skating coaches are discouraged from soliciting skaters, but they are all more than happy to help those who inquire.

Policies

Private coaches work as independent contractors. All coaches have slightly different policies and procedures. Please check with your coach before beginning lessons.

Standard policies are as follows:

- Notify your coach as soon as possible of any and all cancellations. Failure to do so may result in full payment of the scheduled lesson.
- Please be prompt. Tardiness cannot be made up by the coach as ice time is not flexible.
- You are responsible for full payment of lessons regardless of tardiness.
