

Evanston Environment 2019 Goals

The Evanston Environment Board has identified the following goals as their top priorities for the 2019 calendar year.

1. Assume responsibility for implementation oversight of the Zero Waste Focus Area of CARP
2. Assume responsibility for implementation oversight of the Urban Canopy and Green Space Focus Area of CARP
3. Continue advocating for a natural spaces definition within City Code
4. Continue to push for a revision to MWRD leases with the City
5. Assume partial responsibility for implementation oversight of the Green Infrastructure Focus Area of CARP
