#### Violation(s) Details:

- **Violation(s):** 9-15-3(A)
- **Issue Dept:** Health
- **Cont:** Mendoza, Dorothy
- **Violation Dt:** 5/10/2017
- **Occurrence Address:** 2006 KEENEY STREET
- **Issuer:** Kasperski, Mark
- **Count:** 1

#### Violation Details:

- **9-15-3(A):** Every dwelling unit shall be equipped with at least one approved carbon monoxide alarm in an operating condition within fifteen feet (15') of every room used for sleeping purposes. The carbon monoxide alarm may be combined with smoke detecting devices provided that the combined unit complies with the respective provisions of this code, reference standards, and departmental rules relating to both smoke detecting devices and carbon monoxide alarms and provided that the combined unit emits an alarm in a manner that clearly differentiates the hazard.

- **PM-108.1.4:** A handrail shall be provided on one side of the stair and every open portion of a stair, landing, balcony, porch, deck, or ramp or other walking surface. Guards shall not be less than 30 inches (762 mm) in height above the floor of the landing, balcony, porch, deck, or ramp or other walking surface. Guards shall not be required where exempted by the adopted building code.
