NOTICE OF PUBLIC MEETING

NOTICE IS HEREBY GIVEN that the City of Evanston, Cook County, Illinois (the "City") will hold a public meeting on _______________, 2019 at the Lorraine H. Morton Civic Center, James C. Lytle Council Chambers, 2100 Ridge Avenue Evanston, Illinois at 6:45 p.m.. The City desires to designate certain property as an amendment to the existing Howard and Ridge redevelopment project area (the "RPA" or "TIF District") and adopt an amended redevelopment project and plan for the redevelopment project area. The purpose of the public meeting is to advise the public, taxing districts having real property in the redevelopment project area, taxpayers who own property in the proposed redevelopment project area and residents in the area as to the City's possible intent to amend the redevelopment project area and to amend the redevelopment project and plan and to receive public comments.

The redevelopment project area as amended is generally bounded on the south by the City boundaries (Howard Street), on the east by the City boundaries and the CTA Red Line, on the north by frontage properties adjacent to Howard Street, and on the west by Ashland Avenue.

The purposes of amending the redevelopment project area are as follows: The proposed amendment of the redevelopment project and plan provide for the City to implement a series of actions to facilitate commercial, retail, or mixed-use redevelopment within the proposed redevelopment project area. The contemplated City actions include, but are not limited to, implementation of a plan that provides for: the attraction of investment to redevelop underutilized properties and buildings; the construction of public improvements (including street and sidewalk improvements; utility improvements; signalization, traffic control and lighting; off-street parking; and landscaping and beautification); site preparation, clearance and demolition; rehabilitation; redevelopment of mixed-uses within the RPA, and related professional costs. The City would realize the goals and objectives of the proposed redevelopment project and plan through public finance techniques including, but not limited to, tax increment allocation financing.

The following is a brief description of tax increment financing:

Tax Increment Financing (TIF) allows municipalities to carry out redevelopment activities on a local basis. The technique is used to pay for the public improvements and other activities necessary to prepare the Redevelopment Project Area for private investment. Through TIF, a community captures the increase in local real estate property taxes which result from redevelopment within the RPA. This increase in taxes may be used to pay for the public costs involved in the project.

Under TIF, the current Equalized Assessed Valuation (EAV) of all taxable real estate within the designated area is identified by the County Clerk as of the date of the
City's adoption of the TIF ordinances. This is the base EAV. Taxes are levied on the base EAV in the RPA and such taxes are distributed to all taxing districts including: the City, the County, school districts, township, etc. However, the growth in property tax revenues as a result of the private investment which increases the EAV in the RPA, the “tax increment” is then deposited into a “special tax allocation fund”. These funds are then used to pay for the public investment made in the RPA (also referred to as the TIF District).

The Community Development Director, Johanna Leonard, can be contacted for additional information about the proposed redevelopment project area by phone at 847.448.8013 and by mail to the Community Development Department, 2100 Ridge Avenue, Evanston, Illinois 60201. All comments and suggestions regarding the development of the area to be studies should be directed to economicdevelopment@cityofevanston.org.

All interested persons will be given an opportunity to be heard at the public meeting.
