New Business

1. **1814 Central Street**  
   Preliminary/Final Review  
   Michael Oris, manager, submits for exterior remodeling for a walk-up window at Beth's Little Bake Shop in the B1a Business District and oCSC Central Street Overlay District.

   **APPLICATION PRESENTED BY:** Michael Oris, manager

   **DISCUSSION:**
   - M. Oris stated they would like to install a walk-up window. The window will be self-closing. Glass will be above the window and a black panel below the window. They would like to post the menu and coffee brand logo on the black panel.
   - G. Gerdes stated posting the menu is fine, branding logo requires a sign permit.
   - G. Gerdes reminded the applicant they need to submit their sidewalk cafe application, application needs to be submitted each year. There is no fee.
   - S. Mangum asked if there would be interior work needed for the window.
   - Applicant stated no interior work to be done.
   - C. Sterling stated maintaining window transparency is preferred over the black panel.
   - L. Biggs stated a clear pedestrian path on the sidewalk needs to be maintained, customers should line up next to the building.

   **G. Gerdes made a motion to approve the project subject to a sign permit required for signage at the walk-up window, seconded by L. Biggs.**

   The Committee voted by roll call vote, 9-0, to approve the project subject to the condition noted above.

   **Ayas:** J. Nyden, S. Mangum, G. Gerdes, L. Biggs, M. Jones, C. Sterling, J. Hyink, E. Cano, D. Cueva

   **Nays:**

2. **511 Main Street**  
   Sidewalk Cafe  

   **APPLICATION PRESENTED BY:** Applicant was not present

   **DISCUSSION:**
   - G. Gerdes stated the sidewalk cafe permit was issued conditioned upon DAPR approving the site plan included in the agenda packet.

   **G. Gerdes made a motion to approve the sidewalk cafe subject to: 1) An inspection after install to verify 6’ separation between table/chairs and 2) A 6’ wide pedestrian passageway is maintained, seconded by L. Biggs.**

   The Committee voted by roll call vote, 9-0, to approve the sidewalk cafe subject to the condition noted above.

3. **1623 Simpson Street**
   - Sidewalk Cafe

**APPLICATION PRESENTED BY:** Applicant not present

**DISCUSSION:**
- G. Gerdes stated an ADA ramp may be required for tables on the street so that all tables are accessible.
- L. Biggs questioned the distance between the 2-top and 4-top tables.
- J. Nyden stated barriers are required for the street space.
- L. Biggs stated the sidewalk cafe will occupy 2 parking spaces.
- J. Nyden asked if there is enough space for a ramp.
- G. Gerdes stated there appears to be enough space for the ramp. If not, the 4-stop tables need to be ADA accessible.
- J. Nyden stated a barrier is needed along the length of the street portion of the sidewalk cafe.
- L. Biggs stated the City may need to order more barriers.
- L. Biggs stated the site plan does not show chairs, the chairs need to be at least 6’ apart.
- C. Sterling stated the chairs appear to be 6’ apart.
- L. Biggs stated the sidewalk cafe should not be set up without the barriers.

**L. Biggs made a motion to approve the sidewalk cafe subject to:**
1) An inspection after installation to verify 6’ separation between table/chairs,
2) ADA ramp provided to tables located on the street, and
3) Sidewalk café is not to be used prior to barriers placed in the street around cafe, seconded by G. Gerdes.

The Committee voted by roll call vote, 10-0, to approve the sidewalk cafe subject to the conditions noted above.

**Nays:**

Memorandum

To: Chair and Members of the Design and Project Review Committee
From: Gary Gerdes, Building & Inspection Services Division Manager
Subject: Sign Variance – Main Street Plaza
836-848 Dodge Avenue; 1902-1914 Main Street
Date: July 1, 2020

Request
The applicant is requesting one variance for the installation of a freestanding sign. The sign will be installed at the property line and have no setback where a 15’ setback is required as the height of the sign may not exceed the distance between the sign and the lot line.

General Information
Applicant: Main Associates, LLC
Harry Major, Manager
813 Noyes Street
Evanston, Illinois 60201

Owner: Main Associates, LLC
813 Noyes Street
Evanston, Illinois 60201

Summary
Project Description
Per sign regulation 4-10-10(B)4, the height of any freestanding sign three feet or more from any lot line may not exceed the distance between the sign and any lot line hence a 1:1 ratio, height of the sign to distance from the property line is required. The applicant is proposing a 15’ freestanding sign with no setback from the property line where 15’ is required. The applicant states the freestanding sign will help increase visibility to tenant locations and attract potential customers. Laundry World has no visibility from the street and its existing freestanding sign is low and not readable. Tenant signage on Main Street is blocked by parkway trees and has poor visibility from the street. Ownership states a taller sign will be more effective in displaying the tenants in the building. The variance request is being made to assist these small businesses succeed in a difficult retail environment. Installing the sign in a compliant location would place the sign in the middle of the parking lot and would not be visible to Main Street.

**VARIATION STANDARDS**

Variations shall only be approved to overcome an exceptional condition which poses practical difficulty or particular hardship in such a way as to prevent the display of a sign as intended by the ordinance. Note in all six (6) areas how you meet the particular standard. No variation shall be granted unless the Committee finds that the petition meets each of the following standards:

1. **Unique Hardship** - The proposed variation will not merely serve as a convenience to the applicant, but will alleviate some demonstrable and unusual hardship which would result if the strict letter of the regulations were carried out and which is not generally applicable to other property within the City.

One of our main tenants, Laundry World leases 4,000 sf in the rear of the building. The space is located 75’ back from the street. There is no visibility to the street. The existing pylon sign is very low and is not readable from the street. Laundry World experienced a fire in its space in June, 2019 and it has taken a year to rebuild the store. The tenant expects to have a difficult time recapturing prior customers and dealing with the impact of Covid.

The tenants on Main Street, 4Suns Wellness (new business just in the process of opening), Nova Driving School and Dance is Everything have terrible visibility due to trees blocking their visibility from the street.

The pylon sign will help the tenants visibility to attract drive by potential customers. 

Ownership feels the taller pylon sign will be more effective in displaying the tenants in the building. Under the current ordinance the fifteen-foot proposed sign would be required to be placed fifteen feet from the sidewalk which would place the sign in the middle of the parking lot and would not be visible to Main Street.

2. **Reasonable Return** - The property in question cannot yield a reasonable return if permitted to be used only under the conditions allowed by the sign regulations.

To the extent that the aforementioned tenants cannot have successful businesses, they will have difficulty paying rent or possibly even remaining in business which would result in ownership having difficulty paying its mortgage and operating expenses.

6/16/2017
3. **Not Self Created** - The alleged hardship has not been created by the petitioner or any person presently having a proprietary interest in the premises.

The configuration of the laundry space location is how the building was designed and it was necessary to find a tenant for the rear space to earn sufficient funds to make the investment financially viable.

Evanston planted the trees on Main Street creating the visibility problem. Ownership vigorously attempted to have the trees removed but was not successful. It is our experience in owning and operating shopping centers for over forty years, that trees should not be placed in front of “B” quality shopping centers that are leased to mom and pop type businesses. Ownership installed beautiful bushes and flowers in front of the Main Street stores to create an inviting and attractive buffer to the sidewalk and street. Even though I personally love trees, there are places where they should not be planted in certain commercial areas.

4. **Not harm Public Welfare** - The proposed variation will not be materially detrimental to the public welfare or injurious to other property or improvements in the neighborhood. The proposed variation will not be itself, or with other signs, contribute to the creation of visual distraction which may lead to personal injury or a substantial reduction in the value of property.

The ideal location for the proposed sign would be the corner of Main and Dodge. We determined that this might be a distraction to traffic and visibility into the center. We therefore have proposed to place the sign in a landscaped island approximately 150 feet from the intersection and it will not be obtrusive or detrimental to the public welfare. The three corners at the intersection have a Walgreens, Robert Crown Center and a small 7,000 sf strip shopping center. A pylon sign would be a natural structure in a commercial area such as this corner. The two flat residential building to the south of the property will barely see the sign since there is a six foot fence separating the two properties and a large tree that will also somewhat shield the sign.

We are proposing a very attractive sign that will be an enhancement to the property and the general neighborhood.

5. **Graphic Effectiveness Demonstrated** - The petitioner has demonstrated that all reasonable efforts (utilizing color, contrast, lettering legibility, illumination, and graphic composition) have been made to increase the reading effectiveness of the proposed sign within the normal requirements of the sign regulations.

The color, contrast, lettering and illumination of the sign are fairly neutral and very readable. We have had it designed so all the names and colors are uniform. It will be very tasteful.

6/16/2017
6. **Consistent With Intent** - The proposed variation is in harmony with the intent, purpose, and objectives of the sign regulations.

The proposed variation is making use of the request to accommodate helping small businesses succeed in a very difficult retail environment and proposing a very attractive addition to the property which will be an enhancement to the area.
