Public Comment

Brenda Beaugrand  Asked what preparations are being done by the Evanston Health Department to support Evanston hospital and Evanston residents to ensure PPE is available.

Marge Anderson  Wants everyone to stay at home during the COVID-19 crisis. Said that everyone should be thinking of the doctors, first responders, distribution workers and many others who continue to work during this emergency by putting their lives and health at risk for the public good.

Jean  Supports having the stay-at-home order imposed beyond the April 7th date in order to support medical workers.

Kathleen Flaherty  Wants the City to put a temporary halt to construction activity that is both (a) highly polluting (like roof replacements, parking lot resurfacing, etc.) and non-essential (e.g no active leaks). She suggested putting a freeze on permits for highly polluting, non-essential construction activity.

Joy Downey  Appreciates Evanston's commitment to help everyone working from home by ceasing to write tickets for street cleaning violations due to COVID.
Rita Kats: Believes COVID-19 will disappear once the warm weather appears.

Kathy Kovacic: Doesn’t believe yellow tape will prevent people from accessing Penny Park.
