CITY MANAGER ANNOUNCEMENTS:

City Manager Julia Carroll announced that this was Public Works Director David Jennings last City Council meeting. He was hired in 1981 as a traffic engineer; appointed city engineer and deputy public works director in 1999 and permanently appointed public works director in 2000. David Jennings has been a pleasure to work with, a great director who has worked hard. All owe him many thanks for his services. His photographs are on display at two locations: Tub Tim's on Oakton St. in downtown Skokie and Le Peep on Church St. in downtown Evanston.

CITIZEN COMMENT:

Leah Callaghan, 1017 Sherman Ave., co-chair, Arts Council, said the arts in Evanston benefit all. The cut discussed on February 23 will eliminate long-standing traditions such as the Lakeshore and Ethnic Arts Festivals, one of which is revenue generating and the other the most well attended event last year. A cut could make the Starlight Concerts disappear after this series has steadily increased its quality and popularity. Concerts have been moved to areas that we want to serve. Removing the cultural grant fund money from the equation would be similar to the Mental Health Board. If we cannot support artists and arts organizations with efforts to grant this small amount of financial support, their ability to leverage more funds is greatly impacted. These artists and arts organizations perform a great service for this community. She noted Mayor Morton recently attended the Illinois Arts Alliance meeting where a panel discussed what an integral role the arts play as an economic development tool. The arts in Evanston is an opportunity for growth in the community, stronger community relations and most important, how Evanston defines itself. Evanston won the Arts Friendly Community Award given by the Illinois Arts Alliance and the Illinois Municipal League. She thought it would

be sad to diminish the perception and belief that Evanston is a diverse and arts community by the elimination of the festivals, concerts and grants. Times are difficult for everybody, but they need to show pride and use resources to preserve the fabric of our community so when times are good again, hearts and souls are in the right place to take advantage of all that Evanston offers.

Joseph Sislow, 127 Clyde Ave., co-chair Evanston Arts Council, sympathizes with the difficulties the City is experiencing. As chair of the Cultural Arts Grant Program he noted the good the cultural arts grants do and the support it offers allows groups to leverage additional funds. In an increasingly hostile fiscal environment, arts organizations find it harder to survive. In Evanston these artists and arts organizations are woven into the community. If (City funds are) cut, the grants and matching funds would disappear. They educate organizations on how to write and obtain grants. Art is an integral part of what Evanston is and he asked that they carefully consider any funding cuts.

Gerald Gordon, 1228 Lake St., commented that he recently saw a beautiful photograph of a butterfly by David Jennings in the manager's office; noted the budget not only calls for higher taxes but for many fee increases. He urged Council to eliminate the fees increases and roll them into real estate taxes so that people can see what the budget will really cost. The real estate property tax is deductible on the federal income tax and fees are not.

Alderman Rainey asked the city manager where items should be cut since the food and beverage tax was voted down and they have added funds for Mason Park and the Mental Health Board. Ms. Carroll said the licensing of rental dwellings was built into the budget and the food and beverage tax totaled about \$1.2 million. They will need to cut \$1.2 million. She had given a list of priorities and some were rejected. They are back to a 9.2% tax increase.

SPECIAL ORDER OF BUSINESS

Resolution 14-R-08 – Operating Budget Fiscal Year 2008-09

Approval of the Operating Budget for Fiscal Year 2008-09 in the amount of \$213,673,621.

Alderman Wollin asked the cost of a new property inspector. Ms. Carroll said around \$80,000. Both an inspector and a clerk are \$126,500.

Alderman Wollin said the memo from Parks/Forestry & Recreation Director Doug Gaynor contradicts what they heard Saturday. Kirby Siring was hired to obtain sponsor funding for Arts Week, the festivals and Starlight Concerts, so it would be foolish to cut these programs. Ms. Carroll felt Council did not want to cut those. Memo #73 is on the Cultural Arts Grant Program.

Ms. Carroll suggested they consider the \$1.95 that generates about \$400,000 a year. This raises the monthly refuse fee from \$5 to \$6.95 and covers the cost of pickup. Alderman Rainey noted they just voted down the rental licensing that would have been \$2 per unit. For those with four units or less, it will add \$1.95 to each unit and affect the small landlord. Alderman Holmes asked to reconsider the \$200,000 on yard waste; asked when can they implement fees for businesses that are not now licensed. Ms. Carroll said they will look into that and would have something for the March 24 meeting. Implementation would probably be in May. Alderman Wynne confirmed the \$1.95 is on the property tax bill; noted the yard waste sticker fee has been rejected by residents. Alderman Moran noted they should think about that. On the pick up charge, historically, they have programs where charges are imposed that don't match costs. If a program costs \$7 per and the charge is \$5, they lose \$2 on every pick up. Alderman Rainey said when they add \$1.95 per unit, rental housing has a different tax rate than single-family homes. Ms. Carroll offered to do a memo. She supports a user fee for refuse pick up because commercial property taxpayers pay a much higher tax and more for refuse pickup. She thought it was fairer.

Alderman Rainey said they have an M/W/EBE position and it seemed to her that the Purchasing Division could handle that. What is the cost of eliminating that position? She also asked the savings if they were to eliminate the human relations staff. There are opportunities to provide landlord/tenant services with agencies the City funds. She urged Council to think about more ways to raise funds.

Alderman Wynne had advocated for putting the \$1.95 on the tax bill. She asked to see what would happen to the tax levy

if they took the \$423,000 from the property tax.

Alderman Tisdahl asked Mr. Gaynor the philosophy of the Cultural Arts Grant Fund since most of it goes to District #65. Is there a reason the City does the grants rather than the school district? Mr. Gaynor stated, in general, this is an enhancement through the grant program funded by the Illinois Arts Council and the City. It has been a tradition for the 10 years he has been here and parallels the community service provided by Noyes Cultural Arts tenants. They enhance a number of school programs. Alderman Holmes confirmed that the arts sponsorship packet had been distributed.

Alderman Jean-Baptiste asked how much the City spends at the Evanston Arts Center. Ms. Carroll will provide a memo.

Alderman Jean-Baptiste asked how much could be raised by adding another penny on the motor fuel tax. \$126,500 and Evanston's gas tax, at 3¢ a gallon, already is higher than neighboring communities.

Alderman Jean-Baptiste asked if they could determine the impact of the food and beverage tax on just catering. Alderman Rainey never heard the percentage of business devoted to catering in Evanston. Ms. Carroll would try to get information from the Hilton and Orrington hotels; pointed out they are most concerned about the liquor tax when compared to Skokie and Chicago.

Alderman Wollin commented that originally they proposed increasing the food and beverage tax with a decrease in the liquor tax. Her concern is that restaurants bring in a lot of business, so it would be paid by many non-residents. When the Orrington Hotel was renovated, they increased their fees immensely and did not give discounts to local non-profits. She was told they were not looking for that business; thought they had priced themselves into a certain market. She did not understand why the food and beverage tax is so onerous. Council's job is to bring property taxes down. She did not agree with Mr. Gordon. The fees cover the cost of providing services and some fees have not been increased for 10 and 20 years. They have to be realistic about costs/benefits. Alderman Holmes thought that some of the restaurants that have party rooms strongly opposed the increase. Alderman Rainey recalled there was some give back with Hilton Gardens and nothing was done for the Orrington. Alderman Rainey wanted a memo on what the arrangement was with Hilton Gardens.

Mayor Morton said when there are so many foreclosures why are they increasing anything in the budget. If they left it as it was last year, they would have funds.

Ms. Carroll stated the City has union contracts with people for pay increases and 73% of the General Fund relates to people. They cannot do a zero budget increase because they have contracts.

Alderman Jean-Baptiste recalled Jeanne Lindwall had suggested cutting back their capital improvements by \$1 million. Another memo talked about combining several positions in Health & Human Services to save \$133,000. Information Technology is being increased. They talked about the Economic Development Director position, yet there are some highly educated staff in the Planning Division. They could look at several areas and perhaps increase expenditures at a lower rate. Alderman Wollin was not willing to cut capital improvements. Some projects have waited five years. If they want to do that, she wants a rationale for each project they cut. Ms. Carroll said if they cut \$1 million from capital spending it would modestly affect Fiscal 2008-09. Only the interest saved would go down.

CALL OF THE WARDS:

4th Ward. Alderman Bernstein asked the city manager to start a dialogue with the Union Pacific Railroad and the CTA about the bridge at Dempster and Chicago. He wished David Jennings good luck.

3rd Ward. Alderman Wynne thanked David Jennings for all his service and echoed what all said. She recalled one of the first meetings she attended and they found they were taking away 4th Amendment rights. He never lost his cool. He was always a gentleman and ready with an answer on issues where people got exasperated. She thanked him for his professionalism and said he will be missed.

At 11:30 p.m. Alderman Bernstein moved that Council convene into an Executive Session to discuss matters related to litigation and closed session minutes pursuant to 5 Illinois Compiled Statutes 120/2 (c) (11) and (21) as follows:

2. All meetings of public bodies shall be public meetings except for the following:

(11) Litigation, when an action against, affecting or on behalf of the particular public body has been filed and is pending before a court or administrative tribunal, or when the public body finds that an action is probable or imminent, in which case the basis for the finding shall be recorded and entered into the minutes of the closed meeting.

(21) Discussion of minutes of meetings lawfully closed under this Act, whether for purposes of approval by the body of the minutes or semi-annual review of the minutes as mandated by Section 2.06.

Seconded by Alderman Wynne.

Roll call. Voting aye – Bernstein, Holmes, Moran, Tisdahl, Rainey, Hansen, Wollin, Jean-Baptiste, Wynne. Voting nay – none. Motion carried. (9-0).

There being no further business to come before the Council, Mayor Morton asked for a motion to adjourn and the Council so moved at 11:45 p.m.
